RELOCATION EVENTS

SINCE 2021

Background

Relocation Events

Locate Isle of Man understands that relocating to the Island can be an isolating, and at times, lonely and daunting experience. They also recognise the vital role that community plays in retaining skilled professionals in the Isle of Man. In response, they hosted their first Relocation Event in 2021.

Since then, Locate Isle of Man has facilitated a variety of Relocation Events, including beach evenings, wine tasting, pottery painting, railway adventures, and walking excursions.

Feedback from attendees has highlighted the importance of these events, with some describing them as the primary way they've made friends and found a sense of belonging since moving to the Isle of Man.

To date, 324 individuals have attended Locate Isle of Man's Relocation Events over the past 4 years.

Background

Young Professional Connection Events

Locate recognises that isolation is not confined to a particular age group, and that circumstances unique to the Isle of Man (such as many young people leaving to study off Island, with some returning and others not), can lead to fragmented friendship groups and increased feelings of isolation.

In response, in September 2024, Locate developed a complementary series of events to its Relocation Events. Rather than limiting these to those who have relocated, the events were designed to be inclusive of any young person living, working or studying in the Isle of Man.

The aim is to foster a friendly, welcoming, comfortable and secure environment where young people can connect with others, expand their social circles, and build personal and professional relationships.

Since their inception, Connection events have welcomed 108 young people.

CONNECTION EVENTS

SINCE 2024
