Commonwealth of Northern Mariana Islands	All travelers will still be tested for COVID-19 on arrival and on their 5th day in quarantine. Fully vaccinated travelers will be released after they test negative for COVID-19 on the 5th day. Unvaccinated travelers will be tested on their 5th day in quarantine, but will be released on their 7th day if they test negative and have submitted a negative PCR test dated no earlier than 48 hours prior to arrival. Unvaccinated travelers who have not submitted a negative PCR test will be released on their 10th day if they test negative on their 5th-day test. The CHCC may conduct additional PCR tests on the 7th or 10th day when deemed clinically necessary. All travelers who test positive for COVID-19 will be isolated in the designated government facility for 10 days. Fully vaccinated travelers must include their vaccination documentation in their mandatory health declaration form prior to their arrival. CDC Vaccination Record Cards are not acceptable vaccination records for the purpose of quarantining for five (5) days only. For individuals who were vaccinated in the CNMI, the CHCC Communicable Disease Investigation/Inspection team will look up CHCC vaccination records to verify that the individual is fully vaccinated. For individuals who were vaccinated outside the CNMI, they will have to provide an official immunization record from their vaccine provider that must include the following information: name of immunization record provider, traveler's name, traveler's date of birth, type of vaccine administered, vaccine name, vaccine lot number, and vaccine administration date. Essential workers requesting entry into CNMI must complete the essential worker request section within the online CNMI Mandatory Declaration Form at least three (3) days prior to arrival. The request will be reviewed by the CNMI Territorial Health Official for a decision. Not all requests are automatically approved. Travelers who are requesting Critical or Essential Work approval will be evaluated based on the strength of work justification, point of origin, negative PCR test results dated no more than 72 hours prior to arrival, COVID-19 vaccinations, and transit/flight plans.
