LOCATION: Teleconference

DATE: 26 April 2022

CHAIR: Logistics Cluster

PARTICIPANTS: International Committee of the Red Cross (ICRC), International Organisation for Migration (IOM), International Medical Corps (IMC), Médecins Sans Frontières (MSF) France, Norwegian People’s Aid (NPA), Première Urgence Internationale (PU-AMI), Sustainable Development Foundation (SDF), United Nations Development Programme (UNDP), World Food Programme (WFP).

ACTION POINTS:
- The Logistics Cluster to map capacity building needs and partners’ training delivery capacity.

AGENDA:
1. Context Updates
2. Logistics Cluster Training Catalogue
3. AOB

1. Context Updates

Yemen Humanitarian Programme Cycle 2022
- The 2022 Humanitarian Needs Overview (HNO) has been published by OCHA.
- The Yemen Humanitarian Response Plan 2022 (HRP) is in its final review stage and will be published by OCHA in the coming period.
- A summary of the logistics section which encompasses both Logistics Cluster and UNHAS, was newly presented to partners.

OCHA Humanitarian Access and Notification Unit Recently Published Products
- The OCHA Humanitarian Access and Notification Unit recently published online the following three products:
  - The Yemen: Annual Humanitarian Access Overview, 2021
  - The Humanitarian Access Snapshot (November – December 2021)
2 April 2022 Truce

- A two-month truce has come into effect starting 2 April 2022, which includes some important humanitarian measures:
  - To halt all military operations inside Yemen and across its borders.
  - The entry of 18 fuel ships to Al Hodeidah ports.
  - The operation of two commercial flights a week in and out of Sana’a airport.
  - The opening of roads in Taiz and other governorates to facilitate freedom of movement of civilians inside Yemen.

The 2 April Truce Impact on Fuel

- A fuel overview was provided to partners by WFP Bilateral Service Provision (BSP) Unit.
- Since the coming into effect of the truce, five vessels carrying fuel have discharge at Al Hodeidah port.
- A remaining six vessels are waiting in the Coalition Holding Area (CHA) or undergoing the UN Verification and Inspection Mechanism for Yemen (UNVIM) inspections and approvals.
- In the northern part of the country, the pipeline of gasoline is now improving, and refuelling limits have been lifted by the Yemen Petroleum Company (YPC). A large number of fuel stations are now operational and vehicles can refuel.

2. Logistics Cluster Global Training Catalogue

- An overview of the Logistics Cluster Training Catalogue for the humanitarian community was presented to partners, highlighting trainings which are readily available online (page 30) and those in Arabic.
- Trainings are free and accessible via the Logistics Cluster Learning Channel on the WFP E-Learning WeLearn.
- In addition to the available online courses, the Yemen Logistics Cluster will be looking into mapping capacity building needs across the logistics community. As part of this exercise, the Logistics Cluster will also be engaging partners to map trainings that partners may have the capacity to deliver to the rest of the Yemen logistics community.
- The Logistics Cluster will keep partners informed on the timing and means by which the capacity building mapping will be undertaken.

3. AOB

- NSTR.

*The date of the next Logistics Cluster coordination meeting is to be confirmed.*
