METEMA – GALABAT: A partner organisation successfully crossed the border last week. The road from Gallabat to Gadaref was reported to be in poor status (a 5-hour truck drive for 157 km).

ARGEEN: WFP trucks successfully cross the border over the weekend.

A new map displaying the status of the roads during the peak of the rainy season, produced with data gathered from 2020-2022, has been published.

A list of temperature-controlled transporters have been added to the website.

UNHAS schedule for July has been shared and it is available online.

The 3rd IMPACCT WG bulletin on Importation and Customs Processes has been published, including additional information on transit cargo to Sudan through Chad, Ethiopia and Egypt.

Partners are encouraged to provide information on LogIE:
- physical access constraints: via sdn.response.logcoordination@wfp.org
- Warehouse capacity in Sudan: via form or by filling this excel file and sending it to sdn.response.logcoordination@wfp.org.
