CONTENT

- Best rated content
  - Pacific Region Preparedness

- Rating the organisation of the event
  - Excellent (60%)
  - Satisfactory (38%)
“Well organised and a great opportunity to keep abreast of current issues within the Cluster community.”

“There were frequent opportunities where partners took lead on some deliverables and actions, sense of partnership is increasing at each meeting”

“Overall a great event with like-minded humanitarians, who try to find solutions for common issues.”

“It would be good to have stronger facilitation to invite views and thoughts from those who have a lot to offer.”

**TESTIMONIALS**

**CONTENT**

Satisfied with variety of content

- Moderately: 37%
- Very: 55%
- Completely: 4%
- Slightly: 4%

**IDEAS FOR THE NEXT MEETING**

- Make it more operational, how actors engage at the country level where the cluster is not present.
- Key Performance Indicators (KPIs)
- Market Analysis/Assessments
- Preparedness – updates + action plans
- Supply Chain Management – Best Practices and Solutions
- Give time for working groups to share their findings and update on progress
- Shared services, resources, response models and tools.
