AoB

Logistics Gaps and Needs

- Over 620,000 people affected since 10 January
- Over 100,000 people in over 110 accommodation centers
- Main roads N1 and N2 affected. Not possible to access areas affected from Maputo by road
- Access between Macia and Xai Xai not possible
- Chongoene Port limited capacity (mainly used for mineral transport)
- Access to Xai Xai is possible by road from Beira
- Limited handling capacity in Beira airport.
- Several humanitarian aid flights arriving in Beira and Maputo. Risk of congestion in affected areas due to limited access
- Fuel scarcity in Xai Xai

Logistics Response

- The Government has dispatched a vessel with hum cargo (30 mt) from Maputo to Chongoene Port. Expected to return on Thursday with passengers
- The Ministry of Transport announced that another vessel will also be made available on Wednesday to transport hum cargo
- A train with humanitarian cargo will also be dispatched from Maputo to Magude on Thursday

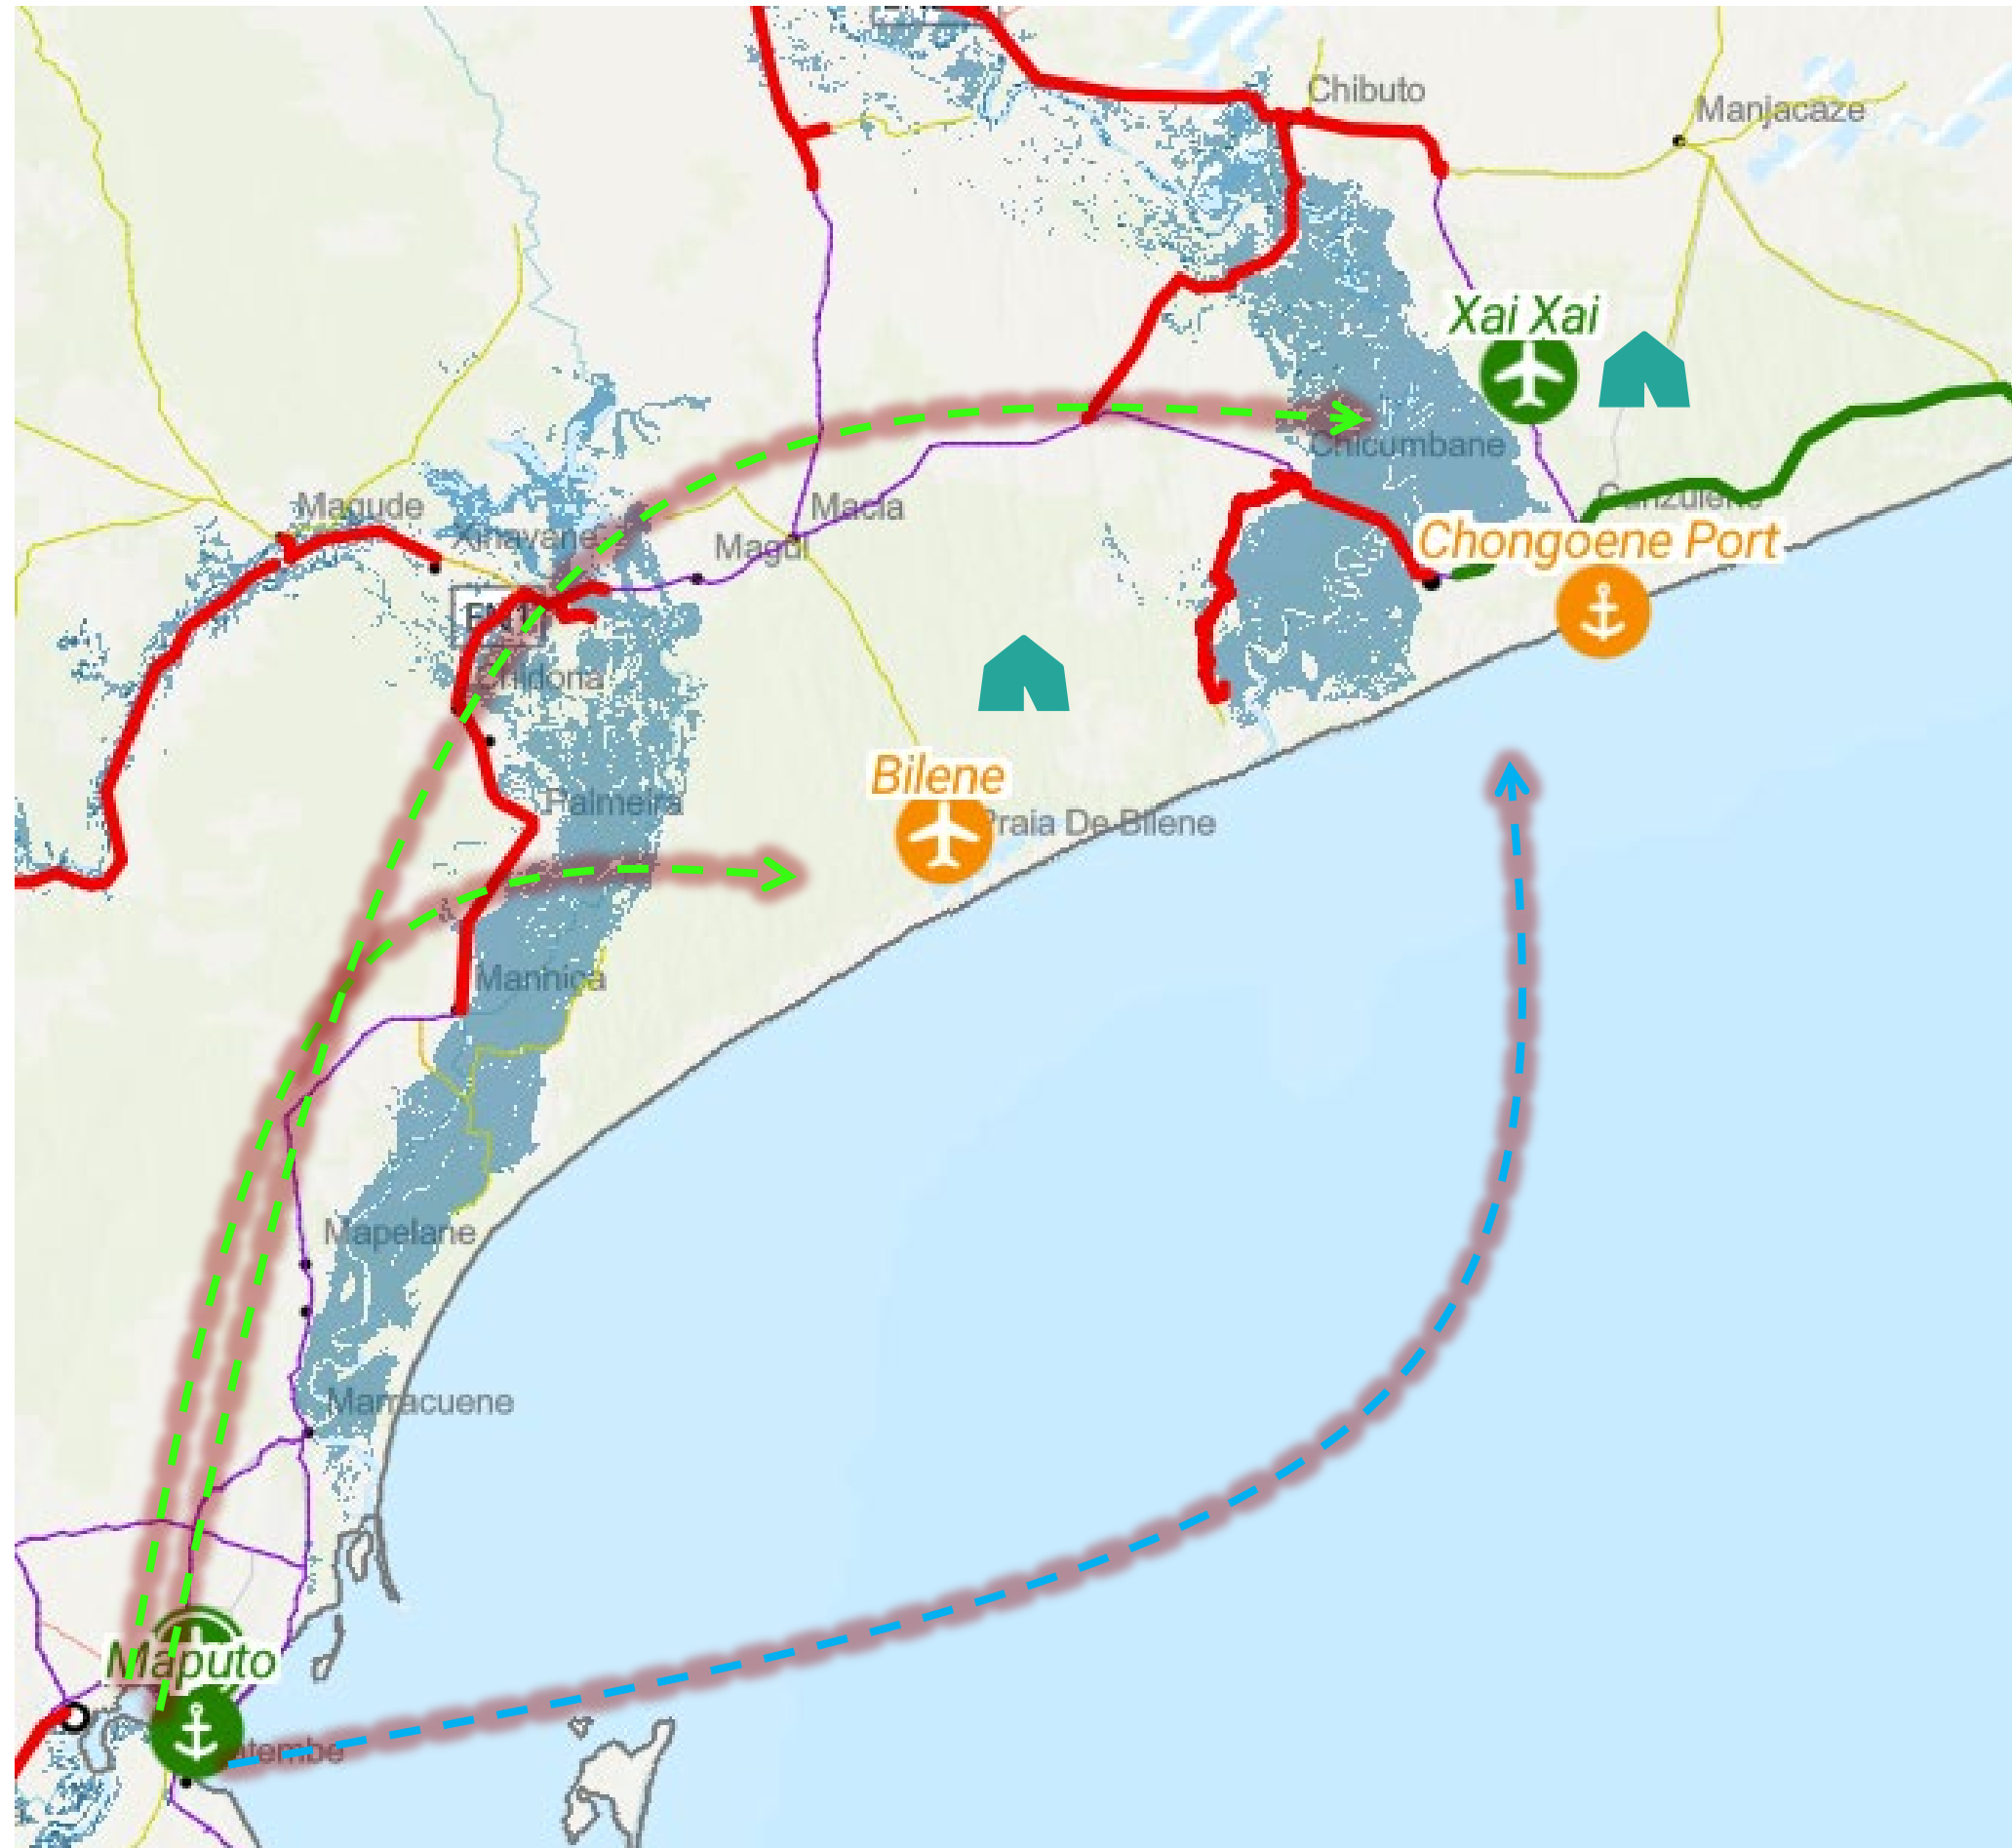

Chongoene Port

Logistics Updates

- Ongoing reparation works of N1 and other roads.
- Yesterday was completed the 3rd section out of the 6 affected between 3 de Fevereiro and Incoluane

From Beira   

Partners' updates

Partners stocks and pipeline

- 10 organizations have been providing info on the stocks and pipeline through their respective clusters (INGD).
- Some partners have stocks available in 3 Fevereiro, Chokwe, Macia, Maxixe and Sofala.
