

Creating great homes together

Role Profile

Position

Energy Manager

Reporting to

Head of Asset Investment

What you can expect

We're a magnificent place to work, where talented and ambitious people enjoy rewarding, purposeful and fulfilling careers in an inspirational environment.

- At Magna, we are committed to your growth and professional journey. We offer ample opportunities for further training and development, empowering you to excel in your career. Our comprehensive benefits package underpins our commitment to your well-being and includes a generous Pension Scheme, Health Care Cash Plan, Wellbeing Portal and Employee Assistance Program. These resources are designed to support both your mental and physical health, ensuring your success in both personal and professional aspects of life.
- We actively support our local communities and encourage employee involvement by offering one paid day per year for volunteer activities alongside access to Credit Union facilities and Colleague Voice. You will also benefit from Company Sick Pay and a competitive annual leave entitlement, which increases progressively with your length of service over the first five years.

What you are known for

- The "Go To" person at Magna for all things Net zero and energy efficiency in the built environment, driving decarbonisation agenda and raising the profile of energy conservation in our homes
- Having strong relationships with colleagues across the business to ensure the highest integrity of energy data is collected and maintained.
- Always delivering consistent, reliable and accurate performance information across all areas of energy efficiency - Being passionate about energy efficiency and infecting others with enthusiasm.
- Working closely with Asset Management colleagues and relevant Leadership team members to ensure Magna are well prepared for meeting energy efficiency strategic objectives.
- Being a dynamic and innovative leader that leads by example.
- Organised problem solver that remains calm under pressure and delivers on quality cost and time.
- Providing support to and identifying training opportunities for colleagues across the organisation in all aspects of customer energy use

What you take care of

- Overseeing decarbonisation and Net Zero strategy, providing clear plans and budgets to meet key milestones.
- Manage, maintain and continuously improve energy-related asset and property data ensuring regulatory compliance, accuracy and data integrity, maintained through robust processes and audit.
- Reporting regularly to senior leaders on Magna energy status and compliance, making recommendations as required.
- Benchmarking energy consumption against best practice guidelines.
- Identifying and implementing solutions for underperforming assets through data driven analytics to inform the long-term decarbonisation strategy to achieve sustainable outcomes.
- Management of several energy efficiency project and programmes, developing action plans and communications to report on and publicise schemes.
- Overseeing and managing of the energy efficiency and carbon reduction planned works across the stock.
- Co-ordinating the team of Domestic Energy assessors and carrying out site surveys as necessary.
- Working collaboratively in Energy sector with partners and frameworks.
- Provide technical and practical advice and offer training on energy -Creating energy policies and systems and identifying gaps

What you need to be successful

- A passion for sustainability in the built environment.
- Knowledge of energy management and renewable energy.
- Broad experience of working in the world of energy efficiency, zero carbon and building physics including the regulatory and sociological realms.
- Strong customer service skills to match your technical knowledge.
- An ability to influence teams and motivate colleagues, how can we do this even better?
- A natural ability to multi-task across several different programmes.
- Evidence of successfully leading project and programmes, -Demonstrable experience in developing and implementing solutions that help Magna prepare for and meet strategic objectives.

- Ability to influence others and negotiate.
- Excellent communication skills.
- Good sense of initiative Leadership qualities Project management skills.
- You have significant background in organisational leadership and have delivered successful transformation programmes previously
