What you can expect

We're a magnificent place to work, where talented and ambitious people enjoy rewarding, purposeful and fulfilling careers in an inspirational environment.

- Direct influence in shaping Magna's building safety and compliance agenda- keeping our colleagues, customers and stakeholders safe.
- Being part of a fast paced, adaptable and highly collaborative environment.
- First class training & support to learn new skills that will set you apart.
- At Magna, we are committed to your growth and professional journey. We offer ample opportunities for further training and development, empowering you to excel in your career. Our comprehensive benefits package underpins our commitment to your well-being and includes a generous Pension Scheme, Health Care Cash Plan, Wellbeing Portal and Employee Assistance Program. These resources are designed to support both your mental and physical health, ensuring your success in both personal and professional aspects of life.
- We actively support our local communities and encourage employee involvement by offering one paid day per year for volunteer activities alongside access to Credit Union facilities and Colleague Voice. You will also benefit from Company Sick Pay and a competitive annual leave entitlement, which increases progressively with your length of service over the first five years.

What you are known for

- Prepared to go the extra mile, with a flexible approach to allow you to meet the needs of our customers.
- Passionate and experienced about all things related to building safety and providing great homes.
- Have new ideas that improve the work that Magna does and help shape new policies and procedures.
- Communicate in an engaging, no-nonsense and informative way.
- Outcome oriented to problem solving and getting the job done.

What you take care of

- This is a key role in helping Magna deliver its purpose of creating great homes together that are always safe.
- You will be part of a team, who will project manage, survey, specify, procure and deliver improvements through major repair and cyclical work programmes and specific projects.
- You will obtain, manage, interpret and analyse data, including fire risk actions, to produce reports as well as costed maintenance and investment programmes.
- You will play a key role in keeping our customers safe, liaising with customers & colleagues directly to resolve issues.

What you need to be successful

- You will develop & manage data led programmes and interpret risk actions in order to complete building & fire safety works that will enable homes to be maintained to a safe standard.
- You will engage with all areas of the business in a 'one team' approach, sharing your technical knowledge, providing advice and support in compliance and health and safety, particularly fire safety.
- You will have excellent customer facing skills.
- You will be proficient in writing specifications, tendering for maintenance work and safely managing contractors. You will have great written communication skills You will need excellent IT skills.
