RE: Damp and mould in my home

To: Jenny Golding ▾

Dear Jenny,

I haven't received any calls or messages from you and have only just seen this email.

I am working flat out for the next week, and I am going to stay with family for Christmas from 19th December so it looks like we've run out of time to sort this before Christmas which is really not ideal.

Can you please get back in touch after Christmas?
