Hi Mark, I've just had a damp and mould survey request come through and we're absolutely stacked at the moment. Do you know the latest on timelines for when we have to complete these by? I know Awaab's Law is coming in around now. Need to see what wriggle room we have!

Hi Raj, Hope you're ok. I've just double-checked the policy on the Hub and it looks like standard inspection is still 60 days. So we should be good. Let me know if you need anything else.
