

## [ENT INTERNAL] S3 Overview video - Casting Demo

### en-IE

Turn heads with the new Square Stand.

And turn your iPad into a powerful  
point of sale with a card reader built right in.

Out of the box,  
It's easy to set up  
And easy to use – no training required.

Just add your items,  
Then swivel Stand.  
Bright payment icons and an intuitive interface  
Speed up checkout  
So customers can securely pay with chip and PIN or contactless cards and devices.

Transparent pricing means no hidden fees.  
And with free robust point-of-sale software,  
You can manage sales, online orders, inventory and more
