

Accessibility Testing plan worksheet

Website/App:

Risk	Detail/Question to ask	Findings/Risk
Types of disabilities (Lesson 3)	Physical	Example: One handed using a mobile phone
	Auditory	Example: Deaf in one ear
	Visual	Example: Eye infection
	Cognitive	Example: Dyslexia

Accessible technologies (Lesson 3)	Screen reader - if you tried to navigate with VoiceOver, would you be able to complete the main user journey?	
	Magnification - Does your content support zoom by 6 times?	
	Focus indicator - when you're navigating around, can you see where the cursor is?	
	Clear tab order - if you needed to tab around fields, is it logical or confusion?	
	Subtitles - are there on screen words which match the spoken words?	

WCAG 2.0 (Lesson 4)	Level A	Example: meaning not conveyed with colour alone
	Level AA	Example: colour contrast
	Level AAA	Example: sign language
