# About Us

Goldgenie caters to discerning individuals seeking unique self-rewards or cherished gifts. We also serve prominent corporates and businesses in need of exclusive thank-you and appreciation presents, featuring inscriptions of their logo or signature, and with a dedicated corporate giving section our team will help you design the perfect present. Whether in search of the ideal luxury gift for a loved one, a corporate executive, or a simple expression of gratitude, our company's fully encrypted website stands ready to assist. Our dedicated team of Gold technicians imbued with meticulous care, craft exceptional, custom luxury gifts not readily found in conventional high street stores. These items are meticulously embellished with a variety of precious metals and stones, including 18k and 24k gold, Rose gold, Platinum, and certified Diamonds.

## Goldgenie Company History

Goldgenie's rich history is marked by notable achievements, including presenting luxury gold gifts at the Emmy Awards in California, pioneering the gold plating of the Apple iPhone upon its 2007 launch, and securing the first televised investment from serial entrepreneur James Caan on BBC's Dragons' Den. Despite our humble start in 1995, our journey is highlighted in detail on the [Goldgenie Company History page](#), offering a comprehensive timeline of our accomplishments.

## Our Mission

To pioneer, innovate and excel in 'the art' of supplying quality luxury gifts and services.

# Swarovski Crystal Wireless Mice

This high quality, compact car mouse with chrome style wheels has been ergonomically designed for ease of comfort. Recently featured in the hit BBC TV show Dragon's Den, you'll be hard pushed to find many places that sell it, but CAAGIS now offer the mouse in SILVER, BLACK, BLUE and RED.

The ultra comfortable design ensures that it slips easily into your notebook bag. A contoured shape and slim design add superior comfort. Features the world's smallest 19mm USB receiver, even smaller than a coin. Plug and play technology. With the 2.4 GHz digital receiver, your mouse is always ready to use but possesses an automatic save function to conserve battery power. DPI is set at 1200 DPI which can be changed via Computer's Control Panel > Mouse Settings The trunk can be opened and closed just like a real car!

Batteries and USB receiver can be hidden in the trunk. The car computer mouse has an ultra wide rubber scroll wheel (12mm width) offering superior comfortable handling feel. Scroll both horizontally and vertically. Detailed chrome wheels with rubber tyres. Supports Operating Systems Windows 7 / ME / 2000 / XP / Vista and Mac OS/X 10.2 or later  
Approximate dimensions: Length: 115mm, width: 55mm, height: 36mm

- 1 Optical Wireless Car Mouse
- 1 Plug and Play USB receiver
