## WINE

### RED

125ml / 750ml

#### MALBEC

Malbec started life as a classic Bordeaux grape. Thankfully the Argentines not only adopted it as their wine of choice but also pioneered its development to the point it's now a terrifically important example of New World viticulture techniques. You'll find lots of regional variation in the taste but they all pair wonderfully with Uruguayan Wet Aged steak!

#### TANNAT

A grape originating from the Basque region in Spain or Madiron in France depending who you ask. Basque settlers brought Tannat over to Uruguay however it's seen a little more success in Salta, Argentina, where powerful, intense, rich and explosive wines are produced. In Brazilian expressions we see violet, ruby & chocolate.
