

# BAXTER BUILDING

Much more than an office

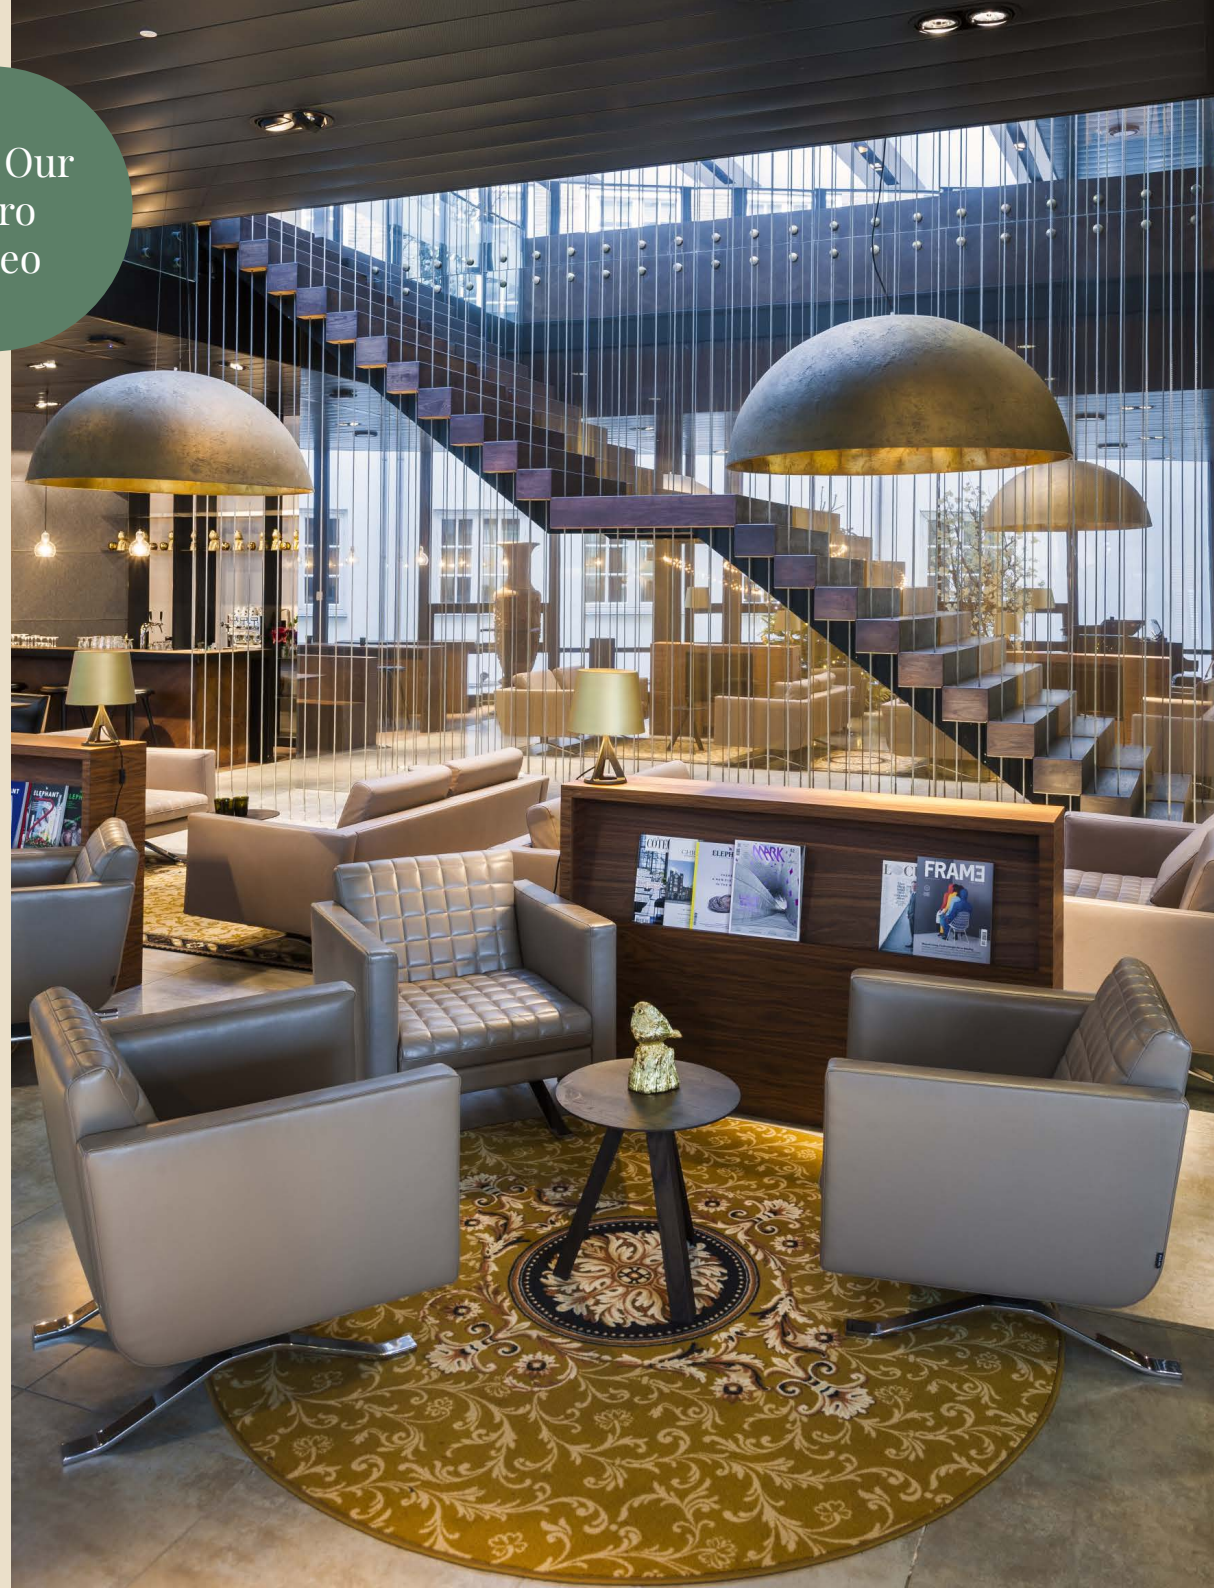

## Much more than an office

Imagine... a high-end, flexible and comfortable business center. High-quality shared-business facilities, a corporate look in an elegant and inspiring environment with professional and at the same time personal services tailored to your specific requirements.

It exists; Baxter Building located in Amsterdam, offers a serene haven in the city centre. The interior, designed by multiple award-winning design agency Tank, features architectural details including a floating staircase and a stylish bar. The environment radiates a high-class modern look & feel providing an iconic and desirable corporate identity, work environment, and venue to entertain and host events or client meetings.

With various opportunities for your own practice or corporate company, Baxter Building offers offices of various sizes; from virtual offices with a prestigious post code, to executive office suites, corporate company offices and bespoke boardrooms, all fully serviced by our internationally trained hospitality and front office support staff.
