## FURNITURE & DECORATION

The theatre is equipped with modern furniture. This furniture can be used for the setup of the event spaces in the front of the building. However, a personalised setup with customized furniture and decoration also belongs to the possibilities in Theater Amsterdam. We would love to tell you more about the various possibilities to create the perfect atmosphere for your event.

## BRANDING

The theatre offers endless possibilities for branding to showcase your brand or event theme. This way the location can be easily personalized and your guests will experience the visual identity of your company. Some examples are the big windows of the lobby and loft, the abri's outside, the doors and the bars. Also in catering the branding possibilities are limitless. Not only in food, but also with customized concepts.
