ABOUT US

The place for explorers and innovators

Talent Garden is Europe's leading innovation platform for digital and tech businesses, with more than 3,500 members across 8 countries including startups, freelancers, SMEs and corporates.

A unique facility located in Glasnevin, the campus spans three floors and hosts up to 350 members. We offer flexible workspaces, digital skills training at our Innovation School and hundreds of events every year. It has been designed to enhance creativity and provide the ideal setting for professionals to work, learn and connect.

CAFÉ

Our Italian style café is open to the public and offers a range of quality Italian produce and delicious coffee, with a menu that changes daily. The café offers super fast WiFi and is a great place to meet fellow Talent Garden members and the wider tech community.

For events taking place in the main event space after 5pm, the café can also be reserved for food and drinks reception or for networking before/after the event.

TESTIMONIALS

Thank you to the Talent Garden team for their help during our company Town Hall. We were able to adapt the space to suit our requirements and the team were happy to facilitate any changes we needed. The team provided friendly and responsive support both pre-event and onsite - we're looking forward to our next event in Talent Garden Dublin!

Audrey Anderson, Siemens

We have run two events for game developers in Talent Garden Dublin, and it was a delight each time! Machaela, the Community Manager and Kevin, the Office Manager treated us with the utmost professionalism and friendliness, ensuring that our events ran as smoothly as possible. Our presentations took place in the main event space which had plenty of space for our attendees, a wide variety of seating and tables and excellent AV equipment. The café was the perfect place to relax before the evening began and our attendees were delighted – we couldn't have asked for more!

Robert McGregor, DUUG Organiser

What a great venue! From the initial communication all the way to the end of our time there, the experience was nothing but amazing. The building itself is beautifully designed with awesome facilities and high speed Wifi. Whether you want to mingle with other people on the main floor or if you need more of a private space - it can all be catered for. The staff are friendly and very helpful and accommodating.
