Symbols within the List

In order to further guide you through our extensive selection, the Sommelier team have researched the wines on offer and put together a series of symbols to mark the wine making processes used, Organic, Biodynamic, Unfiltered and Amphora aging.

Tasting Menu Wine Pairings

“Weird and Wonderful” - £75

The weird and wonderful selection is all about exploring the most unusual wine styles on offer.

Over the last year the Sommelier team have worked on sourcing wines that offer incredible flavours due to low or no filtration, aging in unusual methods or by keeping white wines in contact with the grape skins. This pairing is designed to increase your perception of the world of wine.

“Sommeliers Cellar Selection” - £120

The Cellar Selection Pairing is created in a very similar mind-set as the Weird and Wonderful pairing, but following an ever so slightly classic approach (using the term “classic” loosely) with an upgrade on the level of producers used.

"I only drink Champagne when I'm happy and when I'm sad. Sometimes I drink it when I'm alone. When I have company, I consider it obligatory. I trifle with it if I am not hungry and when I am. Otherwise I do not touch it, unless I am thirsty." Mme Lily Bollinger

Champagne Growers- Artisan Vigneron

Trying to sell champagne in a region with such a competitive market and a challenging climate is a risk in itself.

Without a marketing team this makes it even harder, especially when you are surrounded by such famous champagne houses. Currently there are 5,000 growers producing wine from their own grapes and showcasing the beautiful character of the “terroir”.

We dedicated this page to them.

The Orin Swift story begins in 1995 when David Swift Finny went on a trip to Florence with his friend to “Study”. In this time David fell in love with wine and upon completing his studies in the US David began work at Robert Mondavi Wineries in 1997. Going into it for himself in 1998 David began producing his own wines and today creates some immensely powerful reds and Smokey whites.
