EVENTS & PRIVATE DINING

EVENTS & PRIVATE DINING AT BUNS & BUNS

It all began with a journey through Michelin-starred restaurants in London, the Spice Bazaar in Istanbul, Dim Sum restaurants in Hong Kong and artisanal “Boulangeries” in Provence. We were on a quest to find the finest flavors, recipes, baked goods and their respective secrets.

IN THE HEART OF
COVENT
GARDEN

Located inside London's famous Covent Garden Market building guests are greeted by a towering bamboo steamer filled with pillowy bao and an ice display filled with fresh lobsters.

BU

Located under the North Hall's iron and glass roof, Buns & Buns features an open-plan kitchen with low marble counter dining where visitors can interact with the chefs.

The space is decorated in warm, earthy tones with copper accents, and is strung with glowing filament bulbs and filled with greenery.

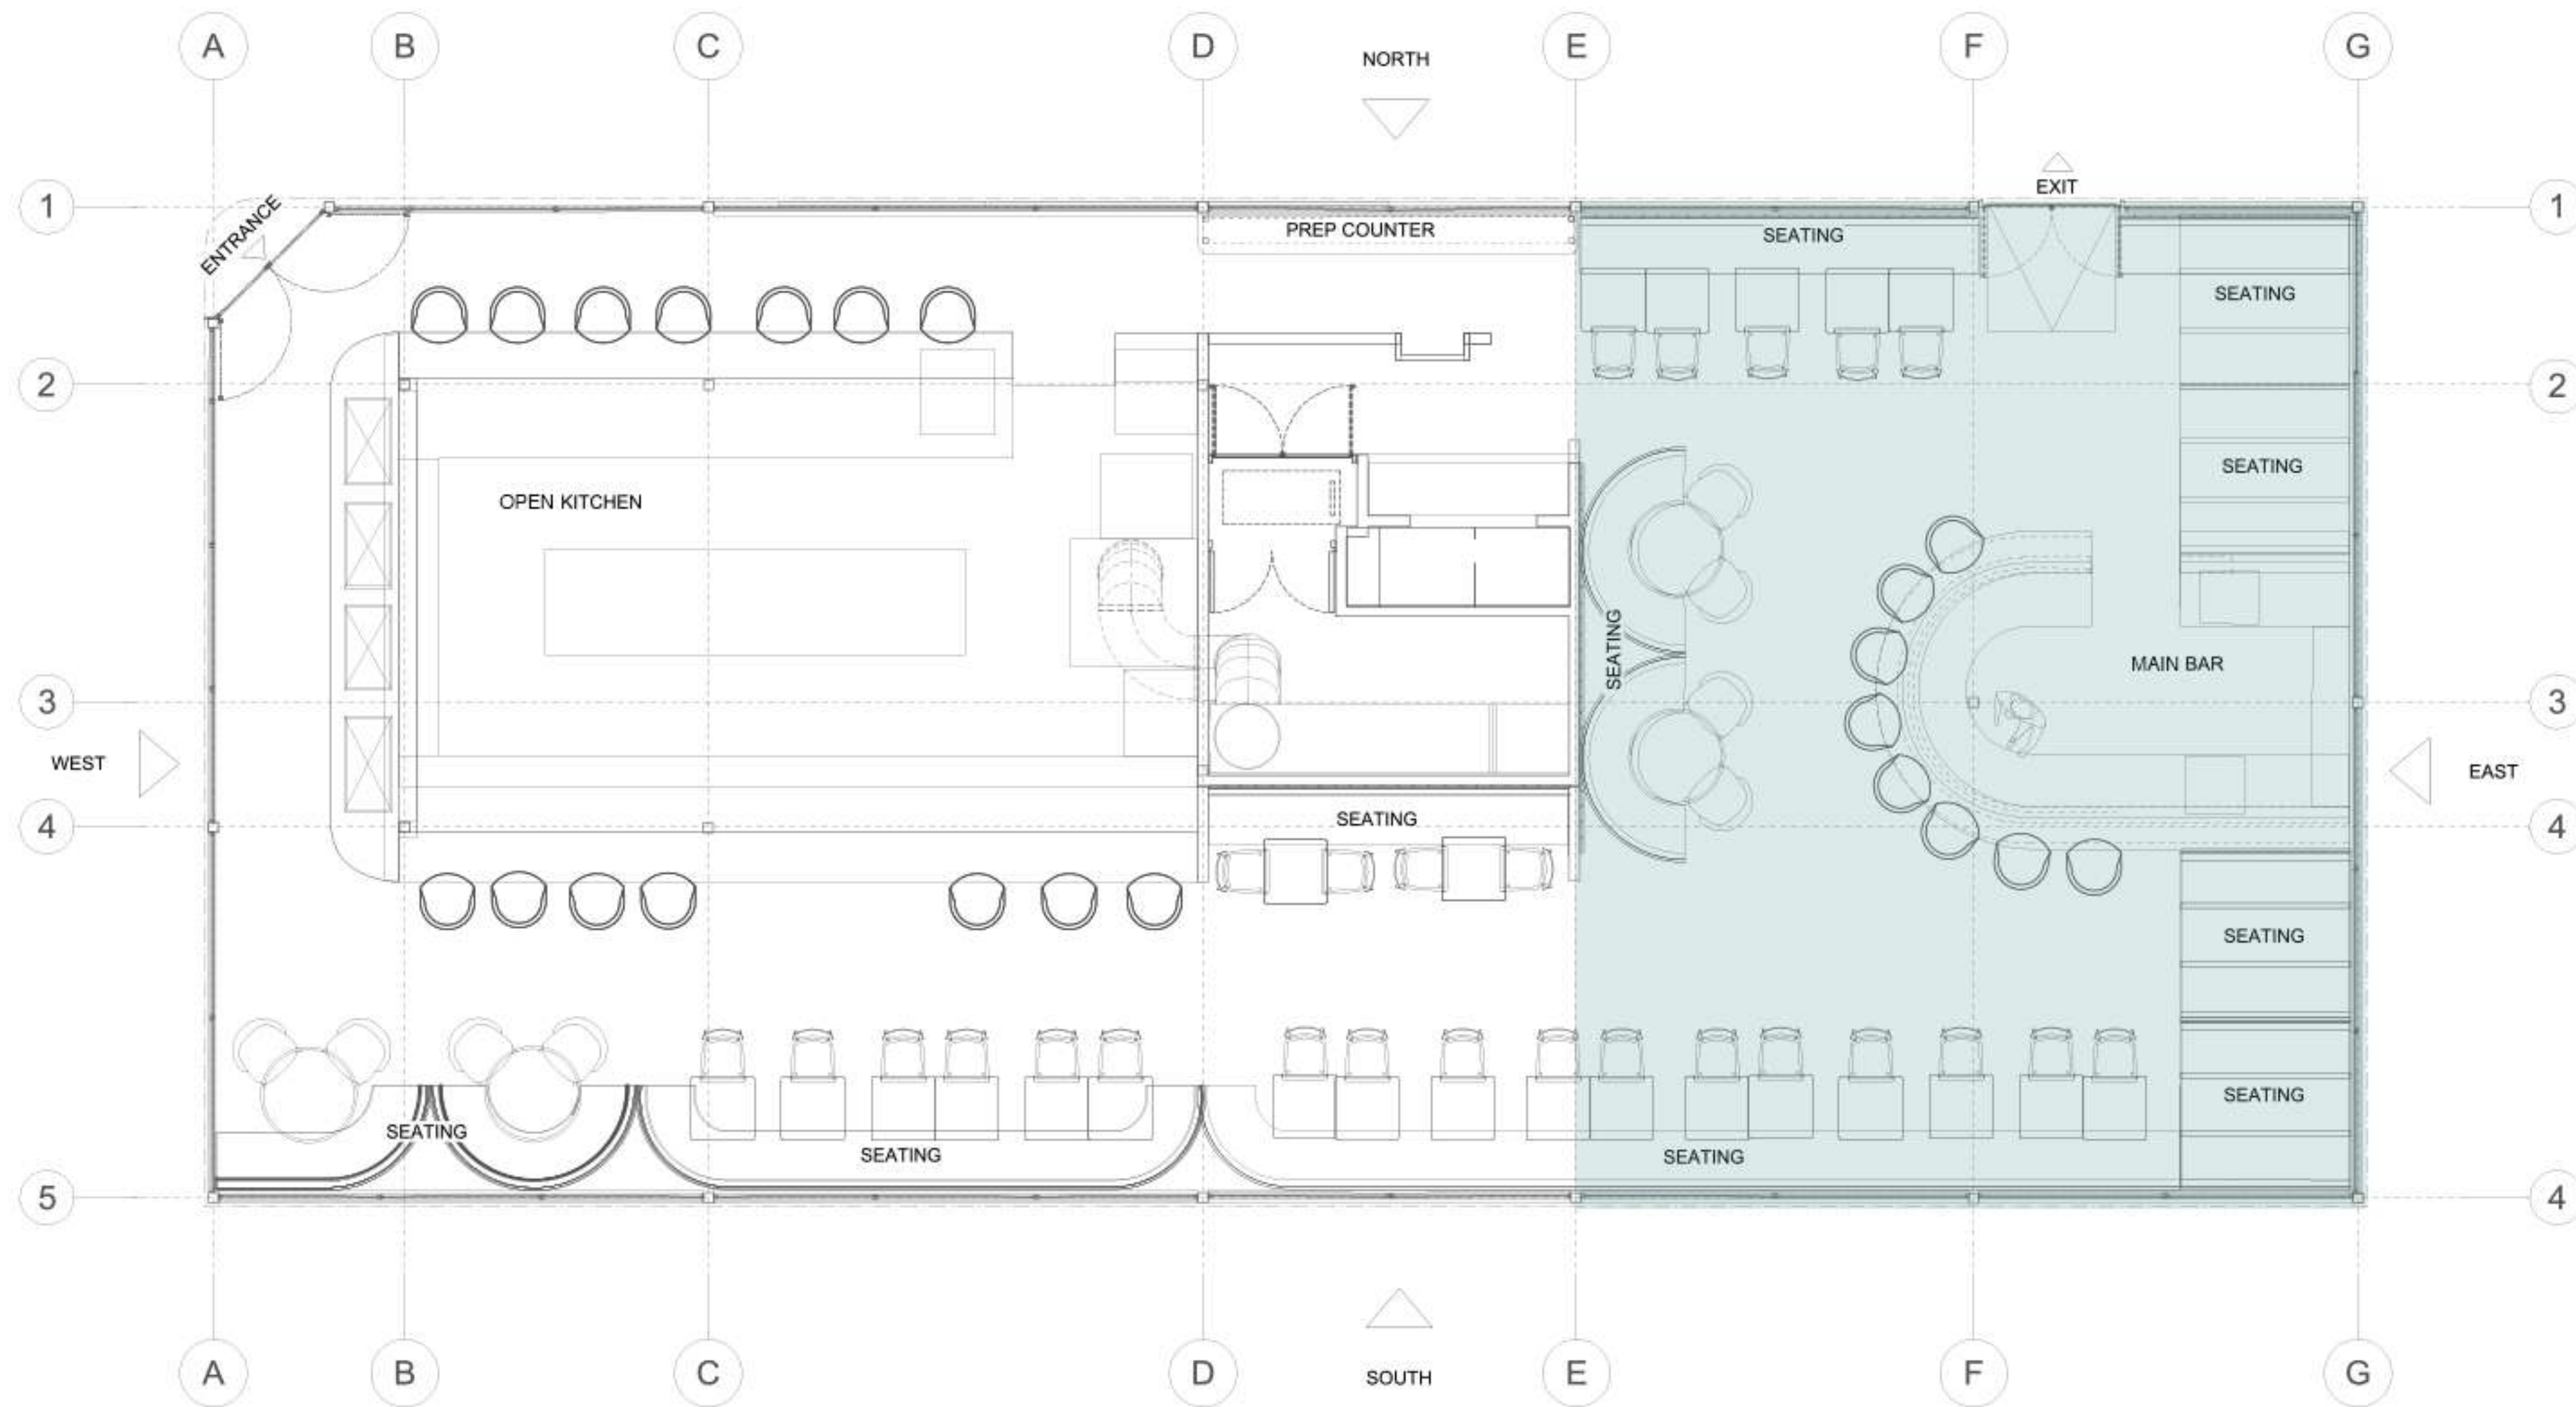

THE FOOD

From bao buns fresh out of bamboo steamers, fluffy Roman-style pizza, and fresh brioche stuffed with lobster, Buns & Buns features a variety of favored international food all prepared in its open kitchen.
