

# INK HOTEL AMSTERDAM - MGALLERY

## MEETINGS & EVENTS

---

*INK Hotel Amsterdam - MGallery is a luxury lifestyle hotel right in the heart of Amsterdam. INK owes its name to the rich history of the building in which, as former home of Dutch newspaper 'De Tijd', stories were conceived, written and brought to life in ink.*

*Alongside its 149 rooms, 10 of which are luxury suites, a fully equipped gym, inner garden and vibrant restaurant & cocktail bar, INK has a number of private event spaces available, both on property and within walking distance.*

*From intimate dinners, to cocktail parties and product launches, INK can accommodate your guests!*

The background is an abstract composition of dark-stained wooden elements. On the left, a large, light-colored wooden letter 'C' is mounted on a dark panel. Above it, a smaller wooden piece is visible. In the center, a dark wooden panel features a stylized, light-colored wooden figure. Below this, three vertical wooden planks of varying heights are arranged. On the right, a large, curved wooden piece is partially visible. The overall aesthetic is modern and organic, with a focus on natural wood textures and geometric forms.
