So you want something different? YOU GOT IT

Whether you are an SME, Multinational or a Destination Management Company, Mondello Park is a unique place to do business, build relationships with clients or celebrate with colleagues.

For a start, we are Ireland's only internationally approved motor racing circuit. You can't get more unique than that.

Yet we have so much more to offer than our electrifying motorsport activities.

Mondello Park is 100 acres of green-field space. Imagine the spectacles you could stage in that arena.

So, whether you are looking for an exhilarating, fun-packed experience that will test your guests but ultimately bring them together, a distinctive venue for a meeting, conference, training course or banquet, or the right site for a show-stopping event or brand activation, talk to our corporate sales team today.

You can be assured that we will look after every detail. We can cater for small teams and large corporate days out.

WHAT CAN MY GUESTS DO?

DRIVE FAST CARS

Mondello Park is a working race circuit, meeting Fédération Internationale de L'Automobile (FIA) safety and quality criteria. We have a fleet of the fastest vehicles you will ever drive, tuned up and waiting. Talk to us about our exhilarating driving experiences:

- The Motor Race Experience
- The BMW Competition Experience
- The Stunt Driver Challenge
- The Supercar Experience
- The Drift Games Experience

THE MOTOR RACE EXPERIENCE

Nothing can prepare your guests for the adrenaline rush ahead.

This is the closest your guests will ever get to emulating their Formula 1 heroes. After a classroom briefing a number of training laps in a race prepared saloon car with an instructor beside them, each of your guests will be carefully strapped into a Formula 1-styled single-seater racing car!

The sensation of driving a single-seater racing car just inches off the ground is unlike any other driving experience.

Every lap is timed, and the clock doesn't lie! Your guests will work with their instructor to improve lap on lap to make sure they're at the top of the standings with the fastest lap time at the end of the session.

THE BMW COMPETITION EXPERIENCE

Experience true motor-sporting thrills.

Your guests will build up to the agility and precision required to drive the 3-litre twin turbo BMW M2 or M4 Competition by completing a number of training laps in a MINI Cooper, famed for its kart-like handling and lively performance.

Then it's time to experience BMW's iconic M powered cars. Your guests will unleash the muscle of the precision-engineered BMW M engine on the only international racing circuit in the Republic of Ireland, receiving a completion certificate at the end of the session.

SUPERCAR EXPERIENCE

Savour the drama and prestige of supercar driving.

Supercars are high-performance speed machines, offering a level of power that is a cut above the highest-end sports car.

Your guests will have the opportunity to propel a high-performance Porsche Boxster S and/or a Porsche 911 around the circuit! First, some training laps in a race-prepared saloon car, then the real action begins as they get behind the wheel of one of the most iconic machines they'll ever drive. An instructor accompanies them at all times.

Everyone wants to drive a Porsche at some stage in their life, right?

THE DRIFT GAMES EXPERIENCE

The thrilling new-generation motorsport.

Drifting combines the most exhilarating and exciting elements of motorsport. It's no surprise that it's the fastest growing motorsport in the world. Your guests will experience drifting first-hand in one of our professionally prepared Nissan 350Z drift cars. With their instructor, each guest will learn cool drift techniques including handbrake initiation (J-turn), the 90-degree drift bend, switch technique and the clipping zone challenge.

Experience the rush of going sideways for the first time!

THE VIRTUAL RACE ACADEMY

Experience the thrill, excitement and strategic planning involved in a real F1 race.

Your guests create their own mini F1 racing team of 4 to 5 people and compete against their peers on a virtual circuit for glory!

THE MISSION: Each team must organise themselves efficiently, assign roles, then manage their time during a qualifying session and a race. Equipped with live timing and vital car telemetry, team managers must make decisions about car set up and pit-stop strategies.

The stakes are high, the atmosphere tense.

The magic of the Virtual Race Academy is that the race could be in Mondello Park, Nurburgring, Monte Carlo or other iconic tracks at the flick of a switch. Both the qualifying session and race are broadcast live on a big screen for the group to watch.

The Virtual Race Academy is a unique team-building experience, exclusive to Mondello Park.

STUNT DRIVER CHALLENGE

The most fun you can have in a car.

Your guests learn to handbrake turn and wheelspin their way around our auto-test course in the shortest time possible.

Our expert makes it look so easy but when your guests have their turns, they realise just how difficult it actually is – to make it even tougher, there are time penalties for making mistakes and hitting cones. Each guest will have a practice run and a number of timed runs. Those with the most patience and skill – future stunt drivers perhaps! – will take home the top award at the end-of-day prize-giving.

WHAT CAN MY GUESTS DO?

MEET, LEARN, STRATEGISE, LAUNCH

Our suites are versatile spaces that can be adapted for many uses from a small meeting to an AGM for 150 people.

Each suite has a motor-racing theme but of course you can dress the rooms according to your own themes or branding for the ultimate in brand integration.

It goes without saying that all the equipment you need, as well as excellent WiFi, is at your disposal. We can assist with motivational speakers and strategic consultants should you need some suggestions. Here we have a selection of some of our suites that can cater to any event

Spend the morning planning out the next quarter and then take that renewed energy out on track afterwards!
