

# Hybrid Event Packages 2020/21

# CCTvenues

To ensure you run the perfect Hybrid Event, we'll ask you to complete a questionnaire to help us assess your detailed requirements; but for small or medium events we have put together two package plans to make your life easier...

## Package 1

For training and meetings with a combination of **6 to 15 people**, onsite and offsite. This package enables the event to be streamed over the internet with an external audience.

### Includes:

- LCD Projector or HD TV
- Windows 10 laptop
- High-speed internet connection
- HD Camera
- Camera Kit which includes a tripod and a remote control
- Audio provided by either in room speakers or mobile speakers
- Microphone
- Full set up and on-site technical help

£300.00 plus VAT

## Package 2

For training and meetings with a combination of **16 to 25 people**, onsite and offsite. This packages enables the event to be streamed over the internet with an external audience and is fully supported by dedicated tech support, who can also assist with external client interaction.

### Includes:

- LCD Projector or HD TV
- Windows 10 laptop
- High-speed internet connection
- Two HD Cameras
- Camera Kit which includes a tripod and a remote control
- Audio provided by either in room speakers or mobile speakers
- Microphone
- Full set up and on-site dedicated technical support

£800.00 plus VAT

Additional charges will apply for additional equipment, if required.

## Package 3

For events with **more than 25 delegates** on-site or external and for virtual and/or hybrid conferences with multiple speakers and complex event requirements, the price will be provided on application and with the support of our technology partner. All prices are quoted excluding VAT.
