INFUSED
WITH QO,
THE ELEMENT
OF ENERGY

The QO is a different kind of lifestyle hotel born from a commitment to the world around us and the belief that travel should always be a pleasure. We're alive with fresh ideas and our own way of doing things so whether you come here to work, rest or play, you'll leave feeling energised and inspired.

The QO is a remarkable living building, shaped by nature and driven by ingenuity. This is one of the most sustainable hotels in Europe with our own rooftop greenhouse growing fresh produce for our menus. Natural light streams into the space, bringing the outside in and creating a bright, vibrant atmosphere. The hotel has 288 rooms including 11 suites and our interiors feature beautiful natural materials, chosen to age gracefully and crafted to perfection.

There's 482 sqm of striking meetings and events space, designed to keep ideas firing. This includes an entire floor dedicated to business, with impressive cityscape views. From events at the rooftop Juniper and Kin, Kitchen Garden and Bar, to a meeting for 120, we have it all in hand.

Persijn, Dutch Eatery, is a new concept in natural food, the place is a local social hub, humming with life and vitality, day and night.

And, if you're still hungry for more, the attractions of Amsterdam city centre are not far away. Set at the mouth of the Amstel, everything is just a short hop by train or metro.
