Welcome!

NH Conference Center Leeuwenhorst is open again! For the safety of our guests and employees we have taken all the necessary measures. And of course, nothing has changed when it comes to our outstanding service and hospitality.

We would like to inform you about our new way of working according to local safety guidelines. We understand that all the recent changes ask for more flexibility and a different approach. We like to think along and support you from A to Z when organising an unforgettable event.

With best regards
on behalf of the entire team,

NH Conference Centre Leeuwenhorst,
Noordwijkerhout

Feel Safe at NH

As part of our promise Feel Safe at NH we have developed new protocols and measures to make sure your next event, meeting or group reservation meets the new standards for health and safety. We have reviewed all the steps in the process of organizing meetings and events, to make sure that you and your guests can continue to enjoy unforgettable experiences.

We have joined forces with the Société Générale de Surveillance (SGS), world leader in the field of certification, to monitor the disinfection of our facilities.

The processes for cleaning and disinfection in our hotels are updated, limiting the risk of spreading Covid-19. These new procedures are inspected, tested and approved by SGS. In addition, there is always a safety manager present in the hotel, ensuring that the new procedures are respected.

Plenty of space

NH Conference Center Leeuwenhorst is near the coast, in the municipality of Noordwijk and offers 123 meeting rooms, 513 hotel rooms and 600 free parking spaces. With several restaurants, bars, lounges and a brand new wellness center we are proud to say: we offer a world of opportunities. It is clear why we are in the top 3 of largest conference centers in the Benelux.

Floorplan & entrances

The recently renovated conference center has a spacious setup and has several entrances. With a large capacity and all facilities under one roof, we still offer plenty of opportunities to reconnect!

We reduced our seating capacity to ensure 1.5m distant seating at all times and spacious walking paths in between. With 123 meeting rooms we still offer plenty of options to host your next event. We can maximize the available seating capacity by using a livestream in several rooms at the same time. Every space has a clearly marked entrance and exit. We are happy to make a customized floor plan to visualize the possibilities for your next meeting.

Let's go for it!

We take every event very seriously, whether it is a meeting for 10 people on location, or a hybrid meeting, where you can reach the world from our conference rooms. We go the extra mile! Because only then we are sure our guests will leave happy and satisfied.

A congress with an exhibition floor, plenary sessions, sub sessions, dinners and an adapted party evening to conclude your congress still is one of the many possibilities at NH. Enjoy the fresh air during your breaks in our outdoor spaces and walk to your meeting room worry free via our safe walking routes.

A modern lounge area with contemporary furniture, a coffee bar, and a checkered carpet. The room features a dark ceiling with recessed lighting, a large white pillar, and a checkered carpet in shades of blue and grey. In the foreground, two light pink armchairs with wooden legs are positioned around a small round black table. In the background, a white coffee bar with a coffee machine and a fruit display is visible. A large potted plant and a floor lamp are also present.

A quiet moment

In our lounges and common areas, we have made it easy for our guests to keep a safe distance. The Tempting Breaks, our sweet and savory snacks during breaks, can be served in your conference room, in one of the lounges or outside when the sun is shining. We reserve a specific space for your event tailored to your group size.

Energy boosters

Good fuel is key to a successful event.

In common areas, such as the restaurant and bar, disinfectant handgel is available for all guests. On our buffets we serve individual portions to minimize human interaction and reservations for our restaurants are required. Walking routes are clearly indicated and furniture is placed in a way to maintain safe distancing.

We are happy to create a tailor-made dinner proposal for your group, taking variation in both the menu and the location into account. In addition, our Beach bar and Las Dunas bar in combination with its terrace are also open.

Interested?

We are looking forward to creating unforgettable events again! From your first contact a dedicated meeting organizer will be on your side, taking care of everything. Together with you, he or she ensures that not only your expectations, but also those of your guests will be exceeded!

Would you like to see what we can offer? Just let us know, we would love to take you on a live or digital tour of the hotel.
