THE MEMORY MAKERS

ABOUT GOLDEN AGE CINEMA & BAR

Golden Age Cinema & Bar makes memories. Our films and presentations are shown in an historic and intimate space, our drinks and food are made with love and served with a smile, and we thrive on bringing events to life in new and remarkable ways.

Let us help make your event one to remember.

THE CINEMA

Golden Age has lovingly restored the original screening room from Paramount Pictures' 1940 Oceania headquarters.

The room is rich in filmic history, and many of the most famous Paramount films screened here first. It's the perfect place to premiere your ideas.

'Golden age have managed to fill a gap that you didn't even realise existed in Sydney's scene.'

THE BAR

Designed as 'a hotel bar in space, where you never know if you're going forwards or backwards in time', Golden Age bar is one of Sydney's most sublime event spaces.

Intimate, beautiful, surprising and fully equipped, you'll stand every chance of making your event truly remarkable, and your work an instant classic.

"Walking down the stairwell to the theatre below street level has a genuinely transformative effect. It's like stepping into another time. The walls are clad with velvet and the brass tables reflect so much warmth that you start to see everything in sepia tone."

- Monocle Travel Guide, Sydney
