# THE SIRROMET EXPERIENCE

Ideally located atop picturesque Mount Cotton, just 30 minutes from the iconic Gold Coast and Brisbane city, the family-owned winery is set over 560 acres and is surrounded by natural bush land, with breath taking views over Moreton Bay.

A true working winery, Sirromet is Queensland's leading Granite Belt wine producer having received over 900 International & National wine awards to date. At its heart is the Sirromet Cellar Door, where visitors can taste and learn of the winery's history and winemaking philosophy. The winemaking team's pursuit of excellence extends to their onsite restaurants.

Reminiscent of Tuscany, the Tuscan Terrace, delivers wonderful seasonal flavours, prepared in traditional home-cooked Tuscan style. Open exclusively for private functions, weddings and events, Lurleen's offers a contemporary modern Australian menu, with breathtaking views out to Moreton Bay and Stradbroke Island from the restaurant balcony.

The state-of-the-art winery offers a wide range of experiences on site, including luxurious glamping accommodation 'Sanctuary by Sirromet', ultimate winery experiences, weddings and functions, internationally accredited wine education, wine club and a year-round calendar of events.

# OUR HISTORY

Our story began when Terry Morris, Queensland entrepreneur and businessman, was in Victoria attending a dinner party with friends. Terry mentioned that he had tried a great wine from Queensland's Granite Belt to which his Victorian friends laughed and said "There's no such thing as a great wine from Queensland."

This was the spark that Terry needed to create his vision for Sirromet. Terry chose land in the Granite Belt Region renowned for its unique combination of rich soil, high altitude and cool climate, providing the perfect location for growing grapes and in 2000 we opened our doors to the public. Utilising traditional methods and new technology, Sirromet produces exquisite quality wines recognised on the world stage. The family carry on his legacy working within the winery and ensuring Sirromet Wines achieves new heights.

# SUSTAINABILITY & CONSERVATION

Sirromet is passionate about environmentally sustainable wine production. Our initiatives include responsible water use, waste recycling, energy conservation, re-vegetation, wildlife conservation, and eco-friendly farming practices.

We are committed to reducing our dependence on mains water, by collecting and purifying rainwater for potable use and dam water for irrigation. All green waste, cardboard and paper from the winery and restaurants – is recycled through an onsite worm farm for later use as fertiliser. Plastic and glass waste is also recycled off-site. Sirromet continues to innovate to increase efficiencies and reduce wastage. From smarter computerised refrigeration to use of modern "one-pass" filtration systems, recycling waste heat to make hot water and reducing our carbon footprint via 200kW of solar PV, our commitment is to make wine of the highest quality without compromising our environmental values.

# LOCATIONS WINERY AND VINEYARD

## WINERY

The natural structure and unique architecture of the winery's buildings are a perfect complement to the breathtaking scenery surrounding Moreton Bay - where a myriad of native Australian wildlife can be found. Our regional wines are synonymous with exceptional taste and quality.

Since quality wines begin on the vine, Sirromet attributes the flavour and quality of our wines to the exceptional fruit grown in our Granite Belt and Mount Cotton vineyards. The distinctive Granite Belt terroir, combined with the high elevation of our vineyards (820 metres above sea level) reward our Winemakers with unique flavours, texture and structure, which make our Sirromet wine range, stand out from the crowd.

Here, in our state-of-the-art winery, the expert winemaking team combine their skills to produce our world-class table, sparkling and fortified wines.

## VINEYARD

With 100 hectares under vine, Sirromet's vineyards are in the high altitude of Queensland's Granite Belt region. Situated 600-1500 metres above sea level and approximately three hours' drive southwest of Brisbane, "The Granite Belt is one of the most exciting wine destinations in the country" Max Allen, The Weekend Australian.

The Granite Belt was formed by an ancient tectonic uplift that forced a significant Granite Mass 820m above sea level. Over time, softer rocks and soils have eroded, leaving a clearly identifiable Granite Plateau. Due to its elevation, this plateau experiences some of Australia's coldest winters. The sub-zero temperatures cause water that has been absorbed in exposed granite boulders and rocks to freeze and expand, forcing mineral particles into the soil. This annual soil enrichment allows local vineyards and orchards to grow the highest quality produce with unique, rich flavours.

# WINE PRODUCT OVERVIEW

## GRANIT vegan • organic

The vision of Sirromet Family Ambassador Nadine Delahunty is excited to unveil to you the all new granit emerging varietal range.

Artistically inspired by the story stones of the Granite Belt region, this exciting colourful, organic, vegan friendly collection showcases the delicious vibrant flavours of emerging European varieties Vermentino, Fiano, Lagrein, Saperavi and Montepulciano.

## SIRROMET

Crafted in our state-of-the-art winery atop Mount Cotton, the Sirromet collection showcases contemporary varietal favourites including NV Sparkling, Sweet Bubbly Rosé, Sauvignon Blanc, Chardonnay, Pinot Grigio, Shiraz and Cabernet Sauvignon, perfect for everyday enjoyment. Selected varietals are also available in convenient 187ml and 200ml sizes, perfect for enjoying outdoors, events or gifting.

## PRIVATE COLLECTION

The Private Collection range showcases Sirromet's most prestigious wines. Made from only the best parcels of carefully nurtured fruit from our Granite Belt vineyards, each varietal is a benchmark of outstanding quality and style.

## SIGNATURE COLLECTION

Bearing the signature of Sirromet's founder Terry Morris, the Signature Collection range utilises premium quality fruit sourced from Sirromet's Seven Scenes vineyard located in Queensland's renowned Granite Belt region, delivering a range of wines rare in regional character and distinction.

# FOOD AND BEVERAGE

## TUSCAN TERRACE

Reminiscent of Tuscany, the Tuscan Terrace at Sirromet Winery, delivers wonderful seasonal flavours of the freshest local produce and ingredients, showcasing a menu prepared in traditional home-cooked Tuscan style.
