THE WORLD HAS CHANGED AND SO HAS VUE

We are very excited to start welcoming customers back to our sites and we are now ready to start taking bookings for your next corporate event and private screenings

We have made booking an event easier with our hybrid solution. You can hold events across multiple screens, streaming to multiple locations across the UK, Ireland and Internationally. We understand this is now more important than ever.

Bringing your company together at this time could be challenging but we have the ability to do this safely with our hybrid solutions and new safety protocols. We have been working with the authorities to implement wide-reaching new safety measures across all venues, the health and safety of our customers and team is our top priority.

WATCH OUR VIDEO TO SEE HOW WE ARE MAKING TRIPS BACK TO VUE AS SAFE AS POSSIBLE

HERE'S WHAT WE'RE DOING DIFFERENTLY

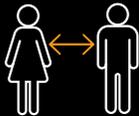

- ① We can't wait to start welcoming customers back, whether you are hosting your next corporate event or planning a private screening we can ensure you, your colleagues, family, friends, along with our teams, can enjoy the big screen experience again, and safely.
- ② For those looking to book a corporate event, we are offering day delegate rates including screen hire, AV and new catering systems. For those looking to hold a private screening please get in touch to discuss what options we have, whether its the long awaited No Time to Die or to see a classic back on the big screen.
- ③ We have had to make some changes, but our dedicated team will be able to talk through the options we have for your next event or private screening.

NEW PROTOCOL

FLOW MANAGEMENT AND GUEST ARRIVAL

- Guests are required to wear a face mask at all times unless eating and drinking
- One way directional flow (where possible)
- Vue safety team member to assist with directions and distancing
- Signage to assist with directional flow around the venue

PHYSICAL DISTANCING

- Floor plans will be provided for organisers to allocate guest seats
- Vue safety team members will assist with managing the guests exit for breaks and departure
- Guests must also adhere to social distancing while in the screen

HYGIENE & CLEANLINESS

- Hand sanitiser will be available throughout and enhanced cleaning measures have been implemented
- All staff have completed training and can confidently work with the new protocols
- Suitable disposal facilities for used PPE will be provided
- Centralised ventilations systems use fresh air supplies where possible
- Hourly cleaning programme in front and back of house areas

CATERING & AUDIO VISUAL

- All external catering suppliers must have Food Safety Management Systems including existing food hygiene guidance and HACCP processes
- Individual microphones will be provided so you don't have to share
- New catering offerings including lunch bags, canapés and bento boxes
- Where possible counters and tills will be behind plexi glass barriers

THE WORLD HAS CHANGED AND SO HAS VUE

GET IN TOUCH

Get in touch today to find out more information.

If you have any questions or concerns around specific events our dedicated team will be able to provide more detail on the measures we have put in place to run your event as smoothly and as safely as possible.
