

XOYO

XOYO

Located in the heart of East London with superb transport links and private street access, XOYO is one of London's most prestigious venues.

A converted print works located in the heart of Shoreditch, moments away from Old Street Station, XOYO stands out as one of London's most respected Venues, voted one of the world's top 100 clubs by DJ Mag in 2020.

It's cement floor, exposed brick walls and tall ceilings preserved Shoreditch's industrial aesthetic.

Although **XOYO** is set apart with its stand-out interior and infamous club nights and residencies; its contemporary edge makes it a versatile space perfect for private parties, corporate events, standing drinks and networking receptions, daytime classes, product launches, live shows and filming etc.
