

THE ARCH

WORKSPACE

Discover The Arch, an incredible creative space located in the village of Crossens, Southport. Hidden inside a picturesque former Methodist Church dating back to 1880, The Arch offers a unique and stunning venue for your next meeting, training event, or team gathering. Our on-site AV Room is the perfect space in which to hold presentations, education sessions, or even recreational activities such as games, movies, and sports evenings. The room features comfortable seating for up to 15 guests, with expertly restored pews from the original church as well as bean bags for a more relaxed atmosphere.

Our state-of-the-art AV system boasts a 4K projector and 150-inch anti-light reflective screen, a 5.1 surround sound system, WiFi and a games console. With quick computer integration and up to four inputs, your presentations and training sessions can run from start to finish exactly as planned. Our staff are on hand to assist you with setting up and any additional requirements that you may have. Food and refreshments can be ordered directly to the presentation room.

Hire rates start at £50 on week days and £60 at weekends. If you already rent workspace from us, the good news is that existing tenants are eligible for reduced hire rates.

“The layout of the room is perfect. Staff were able to interact with the trainer and the presentation facilities were second to none. The Arch is such an amazing space.”

“Not too big and not too small, we ran two training events back to back on the day. The space and refreshments were exceptional.”

“Organising a gaming and movie night for our children and their friends was a great way to celebrate.”
