Testimonials

We recently hosted an in-person company event with Techspace, and it was a huge success. Our team only has a few opportunities each year to gather in person, making these occasions crucial to get right.

The team at Techspace exceeded our expectations, taking care of every detail. The Lightwell event space truly lives up to its name, with abundant natural light creating a bright and inviting atmosphere. The sound and technology setups were flawless, and the entire event ran seamlessly thanks to their meticulous organisation. The venue was clean and well-maintained, contributing to a smooth and enjoyable experience for everyone involved.

We'll definitely use this space again for future events.

Stacey Karnis

The Lightwell is a lovely venue for hosting a small scale, intimate event. The space is very new and equipped with everything that I required for our event. The team were phenomenal throughout the planning process and on the day to make sure everything went smoothly.

Highly recommend!

Nicola Barretto
