IMMERSIVE PRISON EXPERIENCE

"An amazing experience. Absolutely brilliant from the moment you enter to the moment you leave"

WHAT IS ALCOTRAZ?

Alcotraz is a one-of-a-kind **immersive experience** where guests get absorbed into a storyline that is brought to life around them through characters including The Warden, the Guards and Inmate Cassidy (all played by actors).

Those that really want to get involved can really get into character, trying out their American accents and throw themselves into multiple secret missions and storylines this Christmas.

Those that would prefer to sit back and enjoy are welcome to do that too, whilst **enjoying personalised cocktails and mocktails in this unique and fun world.**

KEY ELEMENTS

Get into costume, become an inmate and be a crucial part of the story.

Fully immersive, from the real metal cells to the prison radio.

Tin cans serving “chicken soup” as your contraband drinks.

Live actors.

Movie-like prison set.

MISSIONS

At Alcatraz every guest experience is unique. With fun, light-hearted side-missions throughout, will your group help piece together the puzzle for an escape or will they help finally bring down the smuggling empire behind bars.

For those that are interested in missions you can choose to send some of the group to meet the Warden and put forward their case for early release. With the Warden eager for informants, it just may be one of your group becomes their mole.

Or, send others to meet Inmate Cassidy and conjure up plans to finally escape the inescapable Alcatraz.

4.9 Stars - 1937 Reviews

"A great night! I had read the good reviews and the experience certainly lived up to them. The warden, officers and other staff were all great and really respond well if you get involved and immersed in the experience... the 'chicken soup' wasn't bad either! I took a group of work colleagues for an evening out and all of them have said how much they enjoyed it - great for a team or group of friends!"

Tripadvisor

4.5 Stars - #36 of 1,353 Nightlife in London

"We had such a good experience in Alcotraz. All of the team were brilliant. Good vibes and acting. The cocktails were delicious, but the quality of the mocktails really made the experience as a number of our group do not drink. I definitely recommend. Thanks to the team for making our corporate party so memorable."

FREQUENTLY ASKED QUESTIONS

A lot of our team don't drink alcohol. Will they still have fun?

100%. The fun of Alcotraz stems from the immersive experience with the actors, orange jumpsuits and movie like prison set. The drinks, whether alcoholic or not, just compliment this.

What size orange jumpsuits do you go up to?

Our jumpsuit sizes range between XS - 4XL. Please note that they are not compulsory and our inmates can wear them in a way which could be more comfortable (i.e. tying it around the waist).
