Drinks Receptions in the Exhibits

Brimming with exhibits to fire up your curiosity, We The Curious is a space where boundaries are removed between science, art, people and ideas. The exhibition floors are available for private hire, so why not start your evening by interacting with our exhibits and having a play! Grab a drink and chat with a robot, turn invisible and get inside a giant bubble. Combine this with other spaces in our venue to add a unique twist to your event.

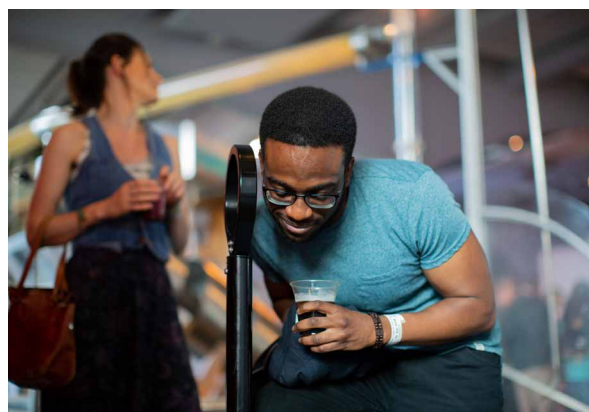

Our professional events team will be on hand throughout your event to welcome your guests and assist you.
