

OMEARA

tvg hospitality

Reminiscent of a 1920s music hall,
oozing creative history, Omeara is a
destination venue that has defined
London's live scene.

OMEARA

Omeara's versatile space is perfect for late-night parties, intimate screenings and even awards shows. You can hire out spaces individually or combine them, allowing your guests to flow freely from room to room.

On one side of a door, picture an unassuming London street under a railway arch. On the other side, a world of decadence and glamour. Inspired by the great cabaret halls and studios of days gone by, Rae's is unique and intimate, as well as the ultimate VIP lounge. Ideal for a small standing reception, Rae's benefits from a late licence, so you can keep the party going.

Live Music
