

# CORPORATE EVENTS

Are you looking for somewhere to host your next corporate event? Why not hold it on our 35 acre private site, surrounded by magical woodland with spectacular views over Chew Valley Lake; a stunning and unique location.

We are conveniently located between Bath & Bristol, with both Bath Spa and Bristol Temple Meads stations less than a 30 minute drive. We've hosted everything from product launches for big name brands to festivals for staff at leading businesses. We have recommended suppliers locally for everything you might need - catering, bars, music, and styling. We have parking and accommodation on site as well as many different options nearby. Fancy something a bit different? We've hosted pop-up cocktail bars, inflatable obstacle courses, games across the site... the space is yours, a blank canvas for you decorate and fill with your ideas!

Up to 180 guests can enjoy exclusive use of the site, based in our stunning tipis overlooking the lake, or make it 300 guests with an additional stretch tent. We also have a venue across Chew Valley Lake where we hold our festival Valley Fest. We can place one or two tipis up for you there instead if you think our main venue would be too large for your group. All of the same equipment and catering can be hired at this location also.

A package at our main venue for 180 guests including the tipis, land rent, furniture, toilet hire and our glamping accommodation is £15,000. This also includes a dedicated contact for you to liaise with from conception to execution. Contact us today to discuss your event and get a no obligation quote!
