"An excellent experience start to finish for our corporate holiday event. Marco and the team were extremely helpful from the initial booking to the night itself. The cocktails were outstanding, the pizzas went down a treat. We will be booking again for next year without question."

"I hosted my company's 50th anniversary drinks here and it was spot on. The upstairs area was reserved for us and communication from the manager made the booking completely stress-free. The bartenders were brilliant — attentive, professional and passionate. Highly recommend for corporate events."

Google Reviews

"We used Lockes for our end-of-year team event and it was a huge success. Great location, right vibe — not too stuffy, not too casual. The cocktails were superb and the pizza menu had something for everyone. Incredibly professional throughout. Would absolutely book again."
