LISTER PLACE

# Meet up when it matters

Collaboration, creation and connection are core to working impactfully. Lister Place offers six boutique rooms - designed to inspire your team. Embrace the flexibility of working from anywhere and meeting up when it matters.

Whether you meet your team every week, month or every quarter - be sure to make it count. Use your in-person time to make meaningful impact, together.

# A place for the curious ones

The name *Lister Place* originates from Joseph Lister; previous occupier of the building and one of **the great pioneers of antiseptic medicine**.

Before the 1800s, post-surgery mortality rates averaged around 50%. Lister's Antisepsis System discovery changed this forever – by forming the basis of modern infection control as we know it today.<sup>1</sup>

The legacy of Lister's extraordinary work carries through the building, to the next generation of revolutionary thinkers.

Find your own inspiration in the boutique rooms at Lister Place – brimming with vibrance, life and creativity.

### Testimonials

A beautiful space in an historic building with an incredible history, the residence of Joseph Lister, the founder of surgical antisepsis. The staff were incredibly welcoming and accommodating, and the design features were spectacular.

Tom Weiser | SAVE

The building is beautiful and the rooms are really well appointed. The range of different seating spaces help us work effectively and productively, and the whole Paper Tiger team are able to really concentrate on the given agenda.

Michael Apter | Paper Tiger

We've all really enjoyed utilising the Balcony at Lister Place to collaborate and will very likely book more time in the future too. We wouldn't hesitate to recommend Lister Place to anyone looking to hire meeting rooms in central Edinburgh.

Ben Walker | Design Agency

Lister Place is ideal for what we need as a team. We have privacy to be as loud as we need to be, but at the same time as being able to connect to other companies while grabbing a freshly ground coffee in the main lobby.

Kirsty McWilliam | Think EQ
