How BYO Alcohol Works

Your Guide to Bringing Your Own Drinks

At 3Danks, you're welcome to supply your own alcohol and design your own bar experience. The info below covers everything from how it works to what's required, so you can plan with confidence.

What's Allowed

Bring Your Own Alcohol

Host your own bar, stock your favourite drinks, and serve your guests however you like – with no corkage fees or bar minimums.

Private Events Only

BYO alcohol is permitted for invitation-only, private celebrations. Alcohol cannot be sold on-site under any circumstances.

Serve It How You Like

You can run a staffed bar or a help-yourself setup, just make sure anyone serving alcohol holds a valid RSA certificate. Self-serve is fine as long as RSA guidelines are followed (no service to minors, no excessive consumption).

What's Required

Security is Included (Up to 100 Guests)

Our base package includes licensed security guards to help manage alcohol service and guest safety in line with RSA standards.

Additional Security for Larger Events

Planning a bigger celebration?

- 101-150 guests → Add \$585 + GST
- 151-200 guests → Add \$885 + GST (in addition to the above)

These requirements keep your event secure and compliant.

Event Insurance is Strongly Recommended

We suggest event insurance that includes public liability and alcohol coverage – just to give you peace of mind.

Venue Rights & Responsibilities

Our staff and security team retain the right to pause or stop alcohol service at any time if guest safety or RSA obligations are at risk.

Security & Additional Guest Pricing

Keeping Your Celebration Safe, Smooth & Covered

At 3Danks, we want your event to feel relaxed, welcoming, and stress-free – and that includes taking care of guest safety.

Security is included in your venue hire for up to 100 guests, with additional coverage required for larger events to ensure everything stays compliant, insured, and under control.

Guest Numbers & Security Requirements

Guest Count	Security Coverage & Pricing
Up to 100 guests	Included in base package
101-150 guests	Add \$585 + GST
151-200 guests	Add \$885 + GST (on top of 101-150 rate)
Maximum Capacity	200 guests

This structure ensures the right security-to-guest ratio for your celebration, in line with RSA, licensing, and insurance obligations.

Optional Extras

Make it feel even more like yours

A few flexible add-ons to help bring your vision to life, whether you're after something low-key, high-energy, or somewhere in between.

Silent Disco Boiler Room — \$950 + GST

When amplified music wraps up at 9:30pm, move into our **Walton Room** for a silent disco session. We'll set up the space with up to **100 wireless headsets**, atmospheric lighting, and everything you need to turn up your night.

Additional Furniture Hire

We have a range of additional furniture available for hire, including tables, chairs, wine barrels, and other event-friendly pieces.

Ask us for our latest inventory list and layout suggestions.

Live Music Guidelines

Due to venue sound restrictions, live bands with full drum kits are not permitted, but there are still plenty of ways to create a brilliant atmosphere.

You're welcome to include **Acoustic sets, String ensembles, Saxophone, keys, and solo performers, DJ performances.**

We'll work with you to help plan an experience that sounds great, feels vibrant, and stays compliant with our noise management obligations.
