

Roots is an independent café on Regent's Park Road, just moments from Regent's Park in the heart of Primrose Hill. More than a coffee shop, Roots is a space for community, creativity, and connection.

Alongside our light-filled café, we have a versatile downstairs space — perfect for magazine/book signings, private supper clubs, pop-up events, or intimate brand gatherings.

Roots is available for private hire, brand collaborations, or full takeovers, either on its own or together with our nearby Soul Studio, a 3,685 sq ft wellness and event space. Together, they offer a flexible, immersive setting for product launches, brand activations, and cultural events in one of London's most iconic neighbourhoods.

We have a sister company called *Soul Studio*, just a stone throw away and a hidden gem in the heart of Primrose Hill, London. More than just a yoga studio and wellbeing event space, we are a home for connection, community, and creativity. Our beautiful studio is a place where people come together to move, breathe, and find joy through uplifting classes, workshops, and events.

Founded in 2018 by Jodie Perry, *Soul Studio* is part of a growing wellbeing family that also includes Soulstice London and Roots Cafe, both also nestled in Primrose Hill.

Whether you're looking for a serene space for movement, mindfulness, or meaningful gatherings, Soul Studio provides the perfect setting to elevate your experience.
