An additional loading bay is located at 4B Roach Road next to neighbouring premises 'Two More Years'. Please

LOADING

Artists and Crew can make use of the venue loading bay located on 4 Roach Road. The loading bay is located behind the black gates.

Gate Code: 1311

THIS BAY IS FOR LOADING ONLY WITH A MAX STAY OF 15 MINUTES. We advise loading into the spacious and secure access corridor, parking up and then continuing with the load-in from there. This loading bay is used as accessibility parking for local residents, so please consider their needs and allow space if required by them.

Once loaded into the corridor, you will see signage directing you along the canal past the neighbouring unit to the venue. Entrance to the premises is through the terrace door which gives quick access to the stairs down to the venue through the door on your right.

The entrance to the venue space is down one flight of stairs, please consider this when planning what equipment to bring to the show

PARKING

The local area has a fairly small amount of on street parking, the parking that is available is paid up until 7.30pm, it costs around £5.55 per hour, and is payable through the RingGo app.

The venue has 3 dedicated parking spots just around the corner. These are bays 8,9,10 located at The Peanut Factory, 56 Dace Road. The parking spots are monitored regularly and under CCTV.

----- L V L S -----

Performing artists can make use of these free spaces by collecting a visitor pass from the bar. These passes must be returned to us once you have loaded out. If passes are not returned a £10 replacement charge will be deducted from your fee for the night as this is what it costs us to replace them!

Please be advised that the turn into our parking spots is very narrow, consequently it is unsuitable for larger Vans.

TICKETING AND FEES

Tickets are available online exclusively through DICE. If the event does not sell out tickets will be sold on the door at a slightly increased fee. With this event being on DICE I don't think there's a way of us getting individual ticket links but think this is a feature they're trying to introduce. With that being said every artist / band will receive 20% of all ticket sales. With that in mind I'd say everyone can bring 5 of
