

One Belgravia was officially launched in February 2016, and is the newest addition to the One Event's award winning portfolio of luxury venues in London. The prestigious and contemporary space is a perfect setting for private parties and weddings, receptions, Christmas parties, conferences and press launches.

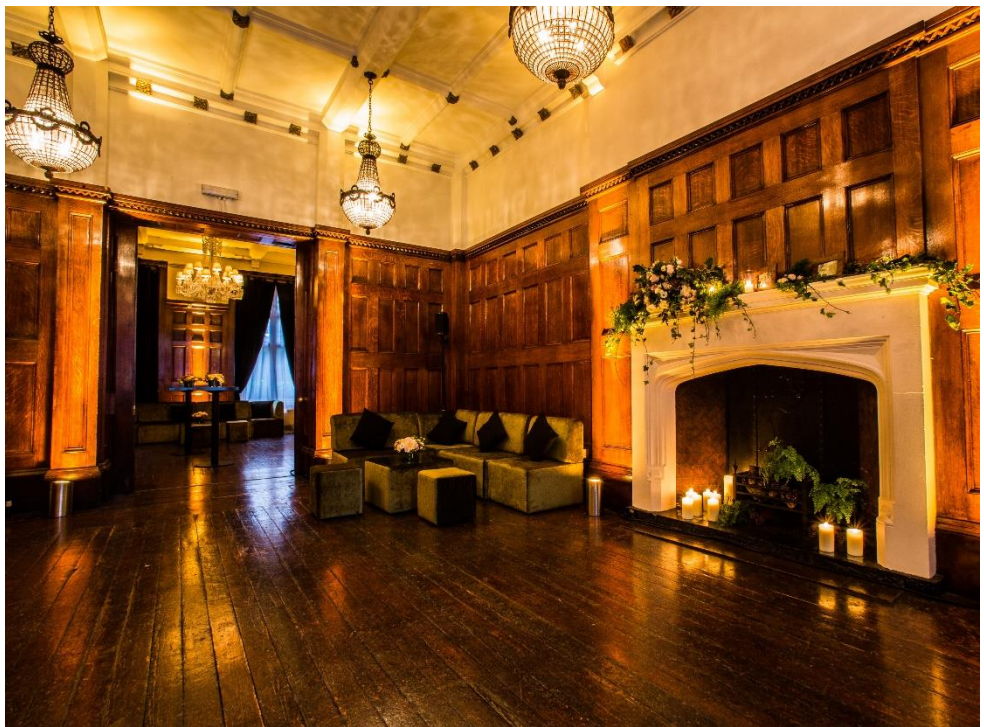

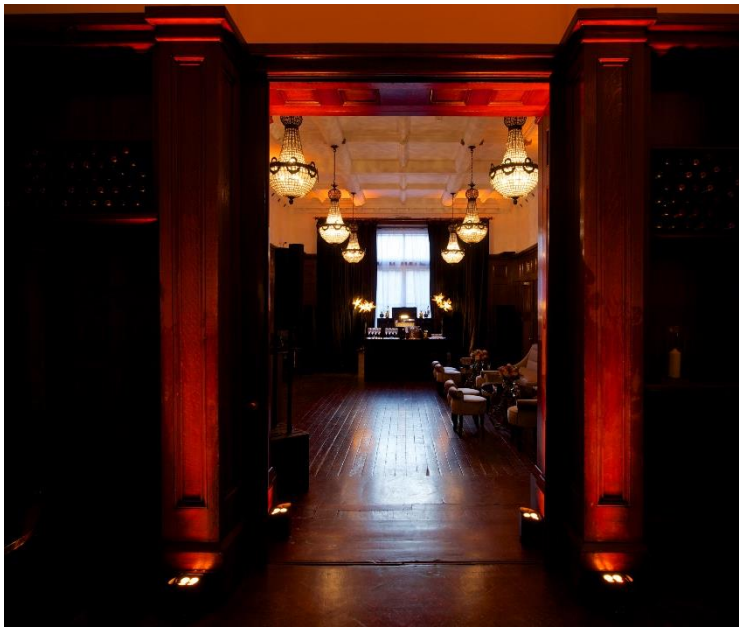

The impressive venue is able to host dinners for up to 200 guests, standing receptions for 400 or conferences for 228 delegates. Overlooking Buckingham Palace's gardens, the event space is comprised of two floors joined together by a majestic marble staircase.

The Oak Room, located on the Ground Floor has full height oak panelled walls, which is the perfect setting for a drinks reception before guests are invited to the light and contemporary Grand Gallery for dinner and dancing.
