Where *luxury* is sustainable

Our Sustainability Story

Sofitel Sydney Darling Harbour is proud to be a *Green Globe* certified hotel, leading the way in responsible luxury and environmental stewardship in the heart of Sydney. Our sustainability approach focuses on reducing environmental impact, supporting local communities, and inspiring guests to travel consciously.

We have eliminated single-use plastics, installed energy-efficient systems, and introduced water-saving initiatives throughout the hotel. Our kitchens prioritise locally sourced and sustainably farmed produce, while leftover food and coffee grounds are diverted from landfill through community partnerships.

Guests are invited to join our ongoing efforts by reusing linens, reducing waste, and selecting eco-friendly amenities during their stay. Every element, from recycled materials in our design to ethical sourcing in our menus, reflects Sofitel's vision for a world where sustainability and sophistication thrive in harmony.

Sophisticated spaces tailored
to elevate every occasion.
