Great Lawns

With acres of parkland and fields, Micklefield Hall can host a range of activities. From clay pigeon shooting to rage buggies, archery to duck herding, guided walks to yoga, there isn't an activity yet that we've said no to.

We work with a number of amazing activity companies, all highly experienced in providing our clients with fun and exciting activities.

In good weather, our lawns are also used as a space for drinks receptions and outside dining, with views as far as London. Occasional garden furniture and parasols are all available for client use.
