HEALTH SPA

# WELCOME TO CHAMPNEYS

— BRITISH WELLBEING SINCE 1925 —

# Step into tranquility

ALL ORGANISATIONS NEED TO TAKE TIME TO REASSESS THEIR POSITION, PLAN STRATEGIES, FOCUS, AND JOIN FORCES TO CREATE BETTER WAYS OF DOING THINGS.

What better place to achieve objectives than at Champneys Tring. Step away from the hustle and bustle of the office to a beautiful and relaxing location, surrounded by acres of green space in the heart of Hertfordshire; the perfect backdrop to your next conference.

At Champneys, wellness is a way of life. Past, present and future, whatever we do, it's all about nourishment

of the mind, body and soul. As the UK's original health spa, few can lay claim to the traditions inherent in our very being. Established in 1925, Champneys was the first health resort of its kind. We've set trends and started health revolutions; our passion for wellbeing drives who we are and what we do. We create moments of calm; it's what we do best.
