HYDE Perth is where work flirts with play.

Meetings turn into long lunches, ideas spill into cocktails, and poolside nights roll on because the playlist's too good to stop. For the serious, the social, the soulful and the champagne-soaked, HYDE Perth is a mix of rooms, terraces and social spaces made for connection, conversation, and the good kind of distraction.

SPACES

HYDE Perth is built around spaces that know how to host.

Some open to the sun. Others come alive after dark. Stage Door, Green Room, terrace, bar, or suite — each with its own tempo, each designed to move easily from one moment to the next. Days start loose and unstructured, then quietly gather pace. Long tables, late finishes, conversations that wander.

Nothing feels fixed. Spaces flex, moods shift, and the line between formal and social stays deliberately blurred. It's a setting made for coming together, with room for things to go a little off-plan.

STAGE DOOR

30 sqm

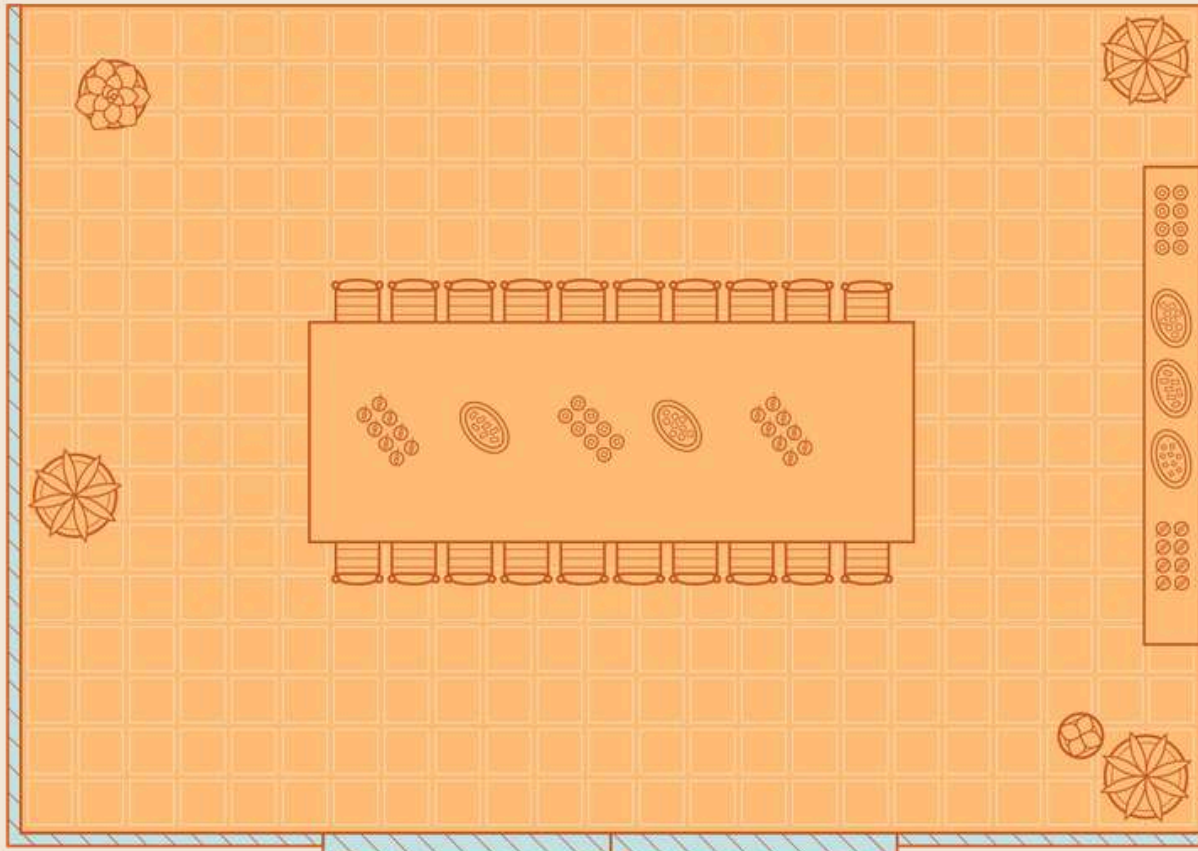

Slip through Stage Door and you're in on something good. Poolside but tucked just enough to feel like your own secret, close enough to catch the buzz. It's where launches kick off, ideas get loud, and dinners drift into the early hours — with the pool close enough to dip a toe if things go that way.

Behind the scenes, it's fully set up to deliver.

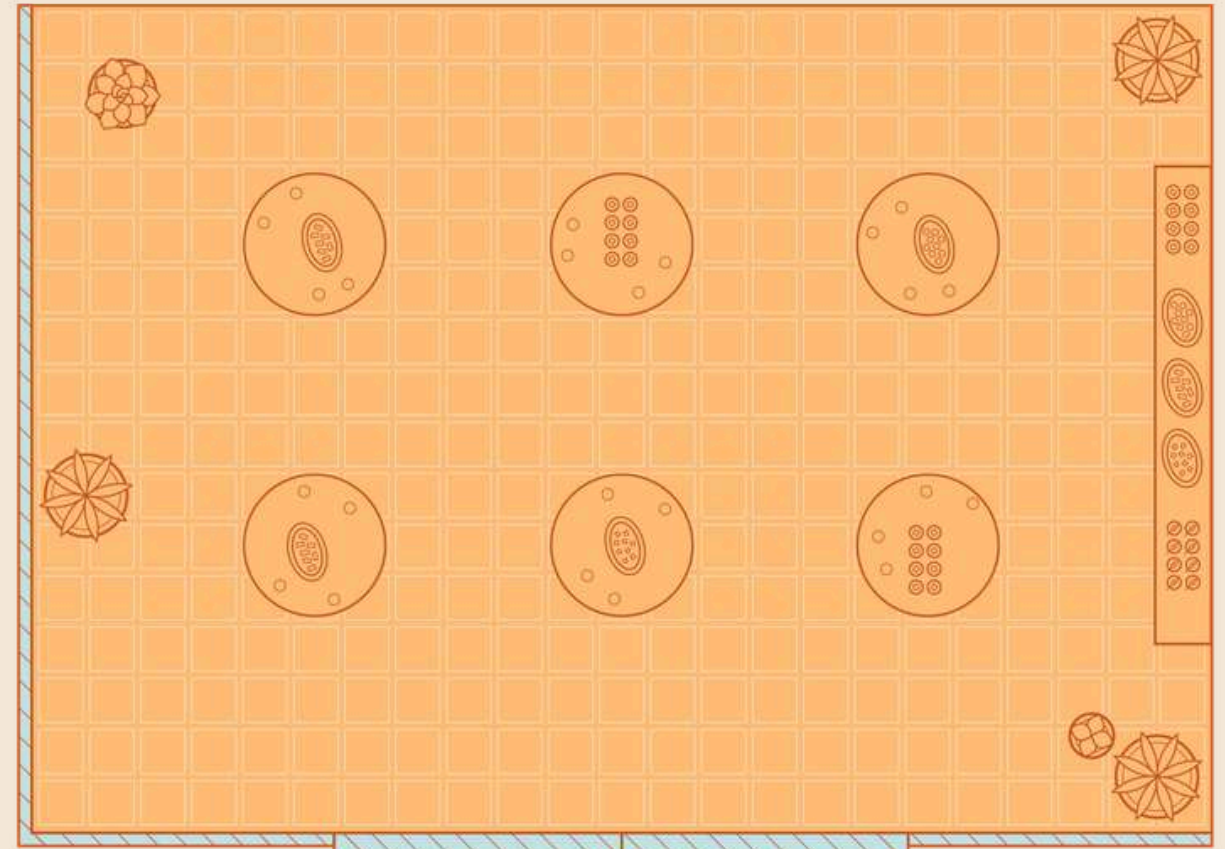

An 85-inch screen and high-powered speakers handle presentations with ease, while natural light and direct access to the pool deck keep things moving*.

Every show needs a Green Room. Timber floors, great natural light, and enough space to stretch out. It's where ideas warm up, launches take shape, and gatherings drift comfortably off schedule. With direct access to Farra Terrace*, it feels a little less backstage and more centre stage.

Behind the scenes, it's fully equipped to deliver. Two drop-down projectors, four high-powered speakers, a built-in sideboard keeps the bar well stocked, and a storage room keeps gear and set-up neatly out of sight.

ALL ACCESS POOLSIDE

32 sqm

Tucked poolside with its own private terrace, the All Access Suite keeps things close and a little under wraps. Bright and easy by day, a little more seductive by night. Perfect for trunk shows, small celebrations, or get-togethers that don't need an audience. Drinks spill onto the terrace, music stays low, and mischief unfolds in just the right quantities.

Farra Terrace is where the day loosens its collar. Open air, city views, just enough breeze to keep things interesting. Start with movement, end with mimosas. Cocktails roll into golden hour, then drift somewhere louder. Connected to the Pool Bar and Green Room, it sets the pace — easy by day, electric after dark.

MAKE IT YOURS

Subtle, or full disco. Florals, table styling and invites. Photographers and DJs from our inner circle. Caviar bumps, champagne towers, live oyster shuckers, secret pop-up bars — or something even more unexpected if the mood calls. All fair game.

Lucky for you, we mix business and pleasure in equal measure. We know who to call, and when to call them. Our network of trusted preferred suppliers have all the gear and all the ideas to take care of everything behind the scenes.

Whatever you have in mind, just ask — we'll put you in touch with the right people to make it happen.
