

WELCOME TO THE SIDE HUSTLE

Right in the heart of St Paul's, The Side Hustle is a sports bar built for how people actually go out now.

Big screens. Big atmosphere. Great drinks. Music that stays on after full-time.

We've taken everything people love about watching sport and built a venue around what happens before, during and long after the game.

No sticky carpets. No dead corners. No old-school sports bar clichés.

Just great energy, every day of the week.

Welcome to The Side Hustle.

FOOD & DRINK

Cold pints. Proper cocktails. Food worth staying for.

Everything at The Side Hustle is designed around good times and even better company. From after-work drinks and matchday rounds to nights that somehow turn into last orders.

Fast service, quality ingredients and drinks that keep coming.

Whether you're here for kick-off or just chasing a good night, we've got you covered.

Because nobody plans their best nights.

Beer Towers!

All-Star Burgers

Loaded Fries

THE SPACE

Seated 120 | Standing 400

The Side Hustle is built to move with the mood.

Grab a table, pull up at the bar or gather the crew around the screens. However you do sport, there's room for it.

The early hours are all about catching up and getting the first round in.

As the day turns into night, the music gets louder, the atmosphere turns up and the whole place takes on a different energy.

The match might finish, but the night doesn't.
