LOWER GROUND FLOOR

The Downlow

ABOUT THE SPACES

The Downlow – This spacious and atmospheric floor oozes style - complete with 6 shuffle tables, a private karaoke room and a private bar.

THE ACTIVITIES

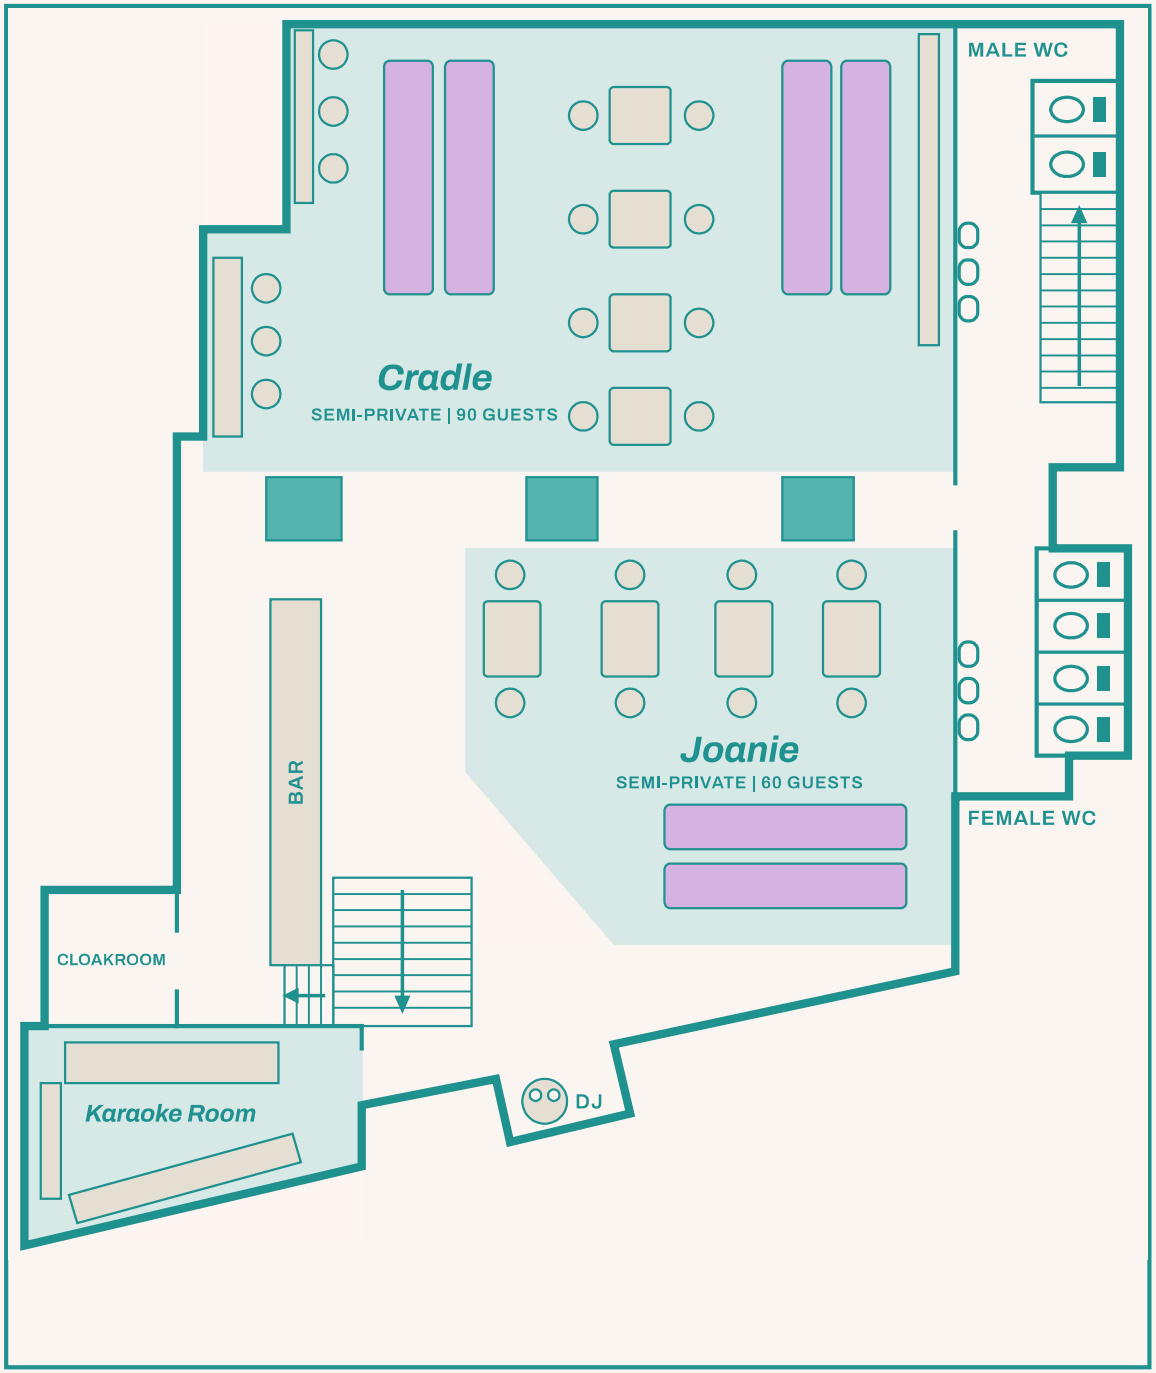

KARAOKE

Step into your own private karaoke room and turn up the volume on a night to remember. With space for up to 10 and access to a huge library of songs – from guilty pleasures to full-on anthems – you've got everything you need for an epic night. And with food and drinks delivered straight to your room, the only thing you need to focus on is stealing the show.

TABLE SHUFFLEBOARD

Glide your pucks down the table and aim for the scoring zone – but the trick is to get it just right. Too hard and you'll overshoot, too soft and you'll fall short. Nail it, and you might just land a hanger for maximum points!

Fun, addictive and deceptively tricky.

Upper Deck & Veranda

ABOUT THE SPACES

The Upper Deck – The bright and breezy Upper Deck gives you exclusive access to our three deck shuffle lanes, where you can spark a bit of friendly rivalry while sipping cocktails from your very own private bar. It's a slice of Miami in the heart of Shoreditch.

The Veranda – Our palm-filled, covered & heated, rooftop terrace is the perfect place to sip cocktails and devour small bites overlooking vibrant Shoreditch (complete with the best sunsets!).

THE ACTIVITIE

DECK SHUFFLEBOARD

The one you've probably never tried before! Played on a court using 'tangs' (long sticks) to push 'biscuits' (discs) into the scoring zone at the far end. It's all about precision, tactics and keeping your nerve – hit the lines and you'll lose points, land in the kitchen and it's -10. And watch out... your opponents can knock your biscuits straight out of play too!

Our friendly hosts will be there to guide you, and best of all - both are one-handed games, leaving the other free for a cocktail, or two!
