TEA

-£6.00- per person

E

Extract Tea is ethically sourced from the world's finest tea gardens. Plucked and processed by hand, then skilfully blended and packed as loose leaf or biodegradable pyramid bags. Even better, cup of Extract Tea supports our GroundsUp charity collective, helping community projects here in the UK.

DARJEELING

This exquisite, second flush Darjeeling, is full-bodied and has a gloriously rich amber colour with light floral notes. The Arya Tea Estate is one of the last family-owned single estates in Darjeeling and is famed for its award-winning organic teas grown at high altitudes.

Leaves are carefully plucked by a team of skilled pickers employed by the Arya Tea Garden in June before being processed entirely by hand.

GREEN

Jade Tips Green Tea is grown in yellow-black sandy loam soils by smallholders in the growing tea district of Xinyang. Young, tender leaves and buds are plucked in early Spring from carefully selected plants, then spread on bamboo trays and left to wither in direct sunlight.

Leaves are pan-fired in large woks to prevent oxidation before being hand-rolled and dried, all in under 24 hours. The resulting tea has a clean floral flavour with a long-lasting sweet finish

TEA

JASMINE

Delicious organic jasmine tea comes from the Kao Shui Tea Garden, one of the oldest organic and Fairtrade tea projects in China, the Da Zhang Shan. The farmer, Mr He, started with just 1/2 hectare of tea and now has one of the project's biggest farms.

To create the distinctive jasmine scent found in this tea, green tea is layered with jasmine flower buds, then left for 12 hours overnight. During this time, the buds open, releasing their floral scent into the tea. The next morning the buds are removed. This process is repeated numerous times, creating the distinct floral notes of jasmine and just a touch of green tea astringency.

EARL GREY

The Earl is blended with dried cornflowers to produce a bright golden liquor with a subtle bubble-gum sweetness and floral notes. This delicate earl grey tea is from the Rutsiro tea garden in Rwanda, handpicked from young bushes at around 2340m above sea level.

Rutsiro is a wholly organic tea garden and a real champion of organic farming methods. It provides a year-round income to more than 2000 members of the Rutegroc cooperative and their dependents and also provides transport, healthcare and free childcare for workers and their families.
