

# THE FORGE

EIGHTEEN NINETY-FIVE

The Forge is a timeless tribute to glory. The space showcases the end result of tireless determination, honed craft and real effort with an unpolished yet refined aesthetic. Celebrating the greatest stories of the club, we forge those moments into the space to celebrate – the biggest, the best, the brightest – The Forge plays with materials and numerical references to shape the space with West Ham's proudest moments and represent the club's sustained effort to cast their incredible mark on the beautiful game.
