VENUE HIRE

Our amazing location in the heart of the historic Barras Market is a unique setting suitable for a range of events: from meetings, workshops, streaming, and conferences to panel debates, product launches and hackathons.

# MULTIPURPOSE SPACE

Our main 110m<sup>2</sup> event space is multi-purpose with a flexible layout. It has large shop front windows and a dedicated groundfloor entrance onto the street, making it an easy and accessible venue for people to find.

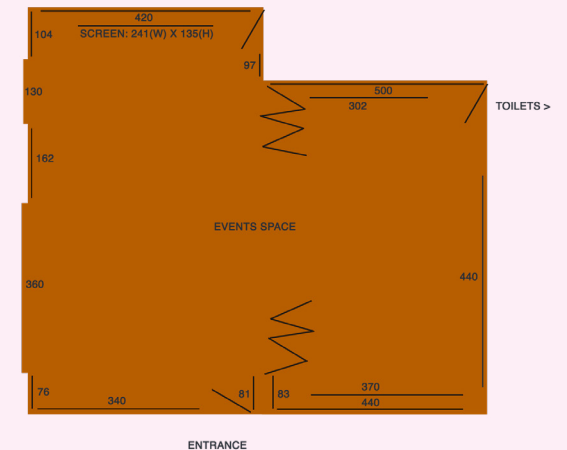

Bookings of the space include furniture for a variety of event styles, workshops and meetings, as well as a high quality projector and sound system. The space is served by a strong, high-speed internet connection.

We can accommodate meetings for up to approximately 20 people, theatre style up to 40 people, and up to 70 people for standing events.

The 73m<sup>2</sup> street-facing side of the space is perfect for theatre-style rows, with a fit-for-purpose projection screen and spacious, 5-metre high ceilings.

The space can also act as an excellent meeting space, with numerous options for table and chair layouts.

The space can be divided in two by internal folding doors, or kept as one large area, depending on your needs.

## RATES & POLICIES

### **Installation options**

Our Events Space is on the ground floor, with large street-facing windows. This makes it an easy and accessible venue for audiences to find, and can also be a great space to attract the attention of passing public.

The space has white walls, an exposed brick wall, a folding partition wall and large street-facing windows. Due to the limited available 'gallery' wall space, many exhibitions here have included freestanding elements within the space, or digital, audio, or performance work. There are a number of hooks and bars across the 5-metre-high ceiling. They cannot take substantial weight, but will support light textiles, or paper works.

Please ask in advance if you would like to make use of the large street-facing windows as an exhibition surface. Temporary vinyl can be applied to the windows, providing this is carefully installed and removed.

### **Environment controls**

The space is not sound proofed, so users should consider the impact of external sounds if use of the space requires a controlled environment. Equally, we ask hirers to be conscious of their impact on our studio members who work throughout the rest of the building.

## **USING THE SPACE**

Many Studios nurtures a harmonious and creative community environment.

The Events Space has bright electrical lighting, and large street-facing windows. The windows can be blocked with our roller blackout blinds (light grey), or by using our shutters.

The electrical lighting is flat square panels - not spotlights or directional exhibition lighting. This can be controlled in three sections: the front half of the Events Space has two switches, and the back half has one switch.

### **Catering and Alcohol**

We don't offer catering or equipment, but you are welcome to bring food and drink from elsewhere. We also recommend local caterers Soulfood Sisters, who are based round the corner from Many Studios on Gallowgate.

If you are hoping to serve alcohol at your event (e.g. an exhibition opening), please alert us as soon as possible, as we may need to apply for an Occasional Alcohol Licence. We will complete this on your behalf. It costs £10, and we should allow 6 weeks for this to be processed.

### **Further Questions?**

While we do not provide a curatorial service, we are happy to answer any questions about specific installation plans, to ensure the space is suitable for your needs and ambitions.

You can contact us via email: [info@manystudios.co.uk](mailto:info@manystudios.co.uk) or by calling us: 0141 573 9515.
