Features Explained

A+ Energy Rating

You can use the whole oven and enjoy exceptional A+ rated energy efficiency.

Air Fry

Cook healthy, extra crispy food by using hot air circulation instead of deep frying.

AI Pro

Monitor and view your food cooking in real time¹.

Air Sous Vide

Accurately senses and maintains your oven's temperature so your food taste deliciously tender and juicy.

Auto Door Open

Handless door that opens at the touch of a button.

Bespoke Design

Choose a colour that perfectly matches the style of your kitchen.

Catalytic Cleaning

Grease is banished when you cook at high temperatures.

Dual Cook / Dual Cook Flex™

Cook two different dishes at different temperatures, all at the same time.

Easy Clean Ceramic Enamel

Makes grease and oil super easy to clean.

Food Probe

Actively manage the cooking process, regulating time and heat to ensure your food is cooked to perfection.

Full Steam or Steam Assist

Adds bursts of steam while cooking, so your food is succulent on the inside and crisp on the outside.

Large Capacity

Easily cater for a house full of guests.

LCD Colour Display

Enjoy a hassle-free cooking experience with an intuitive and personalised control panel.

Natural Steam

Pour water onto a tray in the bottom of the oven to create steam whilst you cook.

Pyrolytic Cleaning

No more scrubbing, as grease and dirt are reduced to ash for easy cleaning.

SmartThings¹

Helpful notifications, energy monitoring and remote engineer assistance.

Soft Close Door

This beautifully designed soft closing door is engineered to close both gently and quietly.

1. Requires SmartThings App available on Android and iOS devices. An internet connection is required.
